DRIVEN TO SUICIDE.

Business Troubles Cause Cleveland Business Man to Take His Own Life.

CLEVELAND, O., Sept. 29.—Believing himself to be the victim of malicious and unrelenting persecution, and thinking that he was ruined through the efforts of his enemies, Jacob A. Blodt, in a fit of depression, killed himself by asphyxiation in a little boarding house in Perry street early this morning.

For 20 years Mr. Blodt had been identified with prominent business interests in Cleveland. Until a month ago he was universally respected and held in confidence by the most conservative business men. Mr. Blodt was secretary of the Guarantee Savings and Loan Company, which failed a few weeks ago. His arrest on the charge of embezzlement followed close after the state authorities had instituted proceedings against the company, and he was still on bail when he ended his life. Mr. Blodt lived in a handsome residence in Euclid avenue and is survived by a wife and three daughters. He committed the rash act on his 46th birthday.

AN ATTACK ON THE GUARDS AT THE TOMB OF M'KINLEY

The Military Guard Watching Over McKinley's Resting Place Tell of the Alleged Assault.

SENTINEL FIRED UPON MAN WHO IGNORED A CHALLENGE

Pounced Upon By Another Stranger, Who Was Masked, and Who Slashed at the Soldier With a Knife or Other Sharp Instrument—Help Came and the Assailant Fled. Vague Talk Overheard That Tomb Should Be Blown Up.

CANTON, O., Sept. 29.—A strange story comes from Westlawn cemetery to-night, where a company of regulars from Fort Wayne, Mich., are guarding the vault in which the body of the late President McKinley lies. It is that the guard on duty on top of the vault fired a shot at one man who refused to heed his challenge; that the shot was diverted by another man who appeared from another direction, and that an effort was made to stab the guard.

Military regulations prevented either the officers or the men of the post from being quoted on any matter connected with their service, and for this reason Capt. Biddle, who is in command, was obliged to decline to be quoted at the camp to-night. He will make a full report to his superiors at once.

Reliable authorities made the following statement:

"Private Deprend was on guard duty on top of the vault at a point commanding the entrance below, and the man approached from the rear. Shortly before 7:30 he saw what he took to be the face of a man peering from behind a tree about 40 feet from his post. He watched it for 20 minutes, he says.

"At 7:45 he saw the man hurry to a tree 10 feet nearer. He challenged him to halt, but this was not heeded, and the fellow approached nearer.

"Deprend leveled his gun and aimed to shoot for effect, but just at that instant another man, who came toward him from the opposite side, caught the gun, threw it up, and the bullet was spent in the air. This same man struck Deprend on the right side of the abdomen with a knife or other sharp weapon, cutting an "L" gash in his overcoat an inch and a half long each way and a smaller one in his blouse. The flesh was not broken, but was bruised under the cuts in the clothing. Deprend, in the struggle, fell and rolled down the side of the vault.

"Lieut. Ashbridge, officer of the day, was in front of the vault and rushed to the top on hearing the shot, but the men made their escape.

"All members of the company, on hearing the shot, hurried to the vault, and besides searching the cemetery the guard was increased.

"Deprend is a recruit enlisted in New York four months ago. He is said to be an excellent soldier and to have a fine record with his officers. He says the man who attacked him was masked, but the first one he saw was not masked. He says the latter carried a white package in his right hand and something that glittered in his left.

"Since the incident stories have been told in camp of some incendiary conversations overheard in the crowds that have visited the cemetery, including one to-day alleging that some stranger said:

"'Lots of people would like to see this whole thing blown up.'

"There are 70 soldiers at the cemetery, 20 of whom are constantly on guard duty about the vault and camp."

AMERICANS VICTORS IN SHARP BATTLE

THE SEVENTY-FIRST INFANTRY ROUTED A FILIPINO BAND.

One American Soldier Killed and Two Were Injured—Americans Captured Much Rice and a Quantity of Ammunition Near Candelaria. Filipino Loss Unknown—Native Secretary of Tarlac Arrested.

MANILA, Sept. 29.—Capt. Lawrence J. Hearn of the Twenty-first infantry, reports a severe engagement with insurgents near Candelaria, the Americans losing one killed and two wounded. The insurgent loss has not been ascertained. The Americans captured 30,000 pounds of rice and several hundred rounds of ammunition.

Juan Cardena, who, until recently was president of Gerona, province of Tarlac, and who was appointed secretary of the Tarlac provincial government, has been arrested on charge of accusing people of crimes for the purpose of extorting money from them. More than 50 persons assert that they have been robbed by him in this way, some declaring that they have even surrendered title deeds to property.

Cardena had been considered one of the most reliable natives holding pro-American views. An examination of his record, however, shows that for several years he was a bandit and that he served two terms of imprisonment, aggregating five years.

The municipal authorities of Manila have passed an ordinance doubling the size of the gates of the walled city in their part of the fortifications. It is possible the military authorities will object.

ROOSEVELT'S CHURCH FULL.

Some of the Overflowing Congregation Sits on Window Sills.

WASHINGTON, D. C., Sept. 29.—President Roosevelt attended divine services to-day at the Grace Reformed church, his chosen house of worship, accompanied by his daughter, Ethel, and son, Kermit. The little building was even more crowded than a week ago, when Mr. Roosevelt first appeared there as president. Every pew was filled and chairs were placed in the aisles and about the rear of the room. A knot of people collected outside the door and several availed themselves of seats in the window sills.

The president and his children walked from the White House. At the close of the services the congregation remained standing while the president left the building.

FATALLY INJURED IN RIOT OVER GIRL

TWENTY-FIVE HOMESTEAD SLAVS HAD A BLOODY BATTLE.

Michael Walske Will Die and Andrew Jonchick Is Seriously Hurt. Dispute Arose Over a Belle of the Foreigners' Settlement—Seven of the Brawlers Under Arrest and May Be Held for Murder.

One man was fatally injured and another seriously hurt in a general fight among 25 Slavs in Homestead early yesterday morning. The trouble resulted from a dispute over a girl. Clubs, beer bottles and revolvers were freely used.

The fight occurred in Gold alley, which is occupied by foreigners employed at the steel works. The men had spent the night drinking in a boarding house. An altercation over the Slavonic belle of the neighborhood arose between two of the men and spread to the rest of the crowd.

The quarrel was adjourned to the street and in a few minutes a small-sized riot was in progress. Officer Calvin was the only policeman in the neighborhood and he succeeded in arresting seven of the fighters.

Michael Walske had his skull fractured, and Dr. A. F. Walsh, who attended him, says the injured man will die. Andrew Jonchick, another foreigner, had his nose broken, several ribs fractured and is otherwise badly used up. The hearing of the seven men arrested will take place this morning and an effort will be made to learn who struck Walske.

EIGHT PRISONERS ESCAPE.

Jail Delivery at Canton, O., Effected By Sawing a Bar—Bloodhounds on the Trail.

CANTON, O., Sept. 29.—Eight prisoners broke from the county jail by sawing the bar over a window opening upon the court between the jail and court house. They had five minutes' start when their absence was discovered. Bloodhounds were immediately put on the trail. One of the men was George Raymond, arrested here during the president's funeral, and held for the authorities of Olean, N. Y., where he slipped handcuffs and broke away from the officers.

Several of the other prisoners also were arrested at the instance of outside detectives. Only one prisoner remains, Michael McGovern, held for a robbery in which the victim was tortured. He was regarded as the most desperate and was held on another floor of the jail.

TO FIGHT FIRE WITH MORE FIRE

Anti-Anarchist Society Undertakes to Drive Out the Anarchists.

NAME OF NEW ORGANIZATION KEPT SECRET

Aims of a Society Which Has Just Been Founded in Iowa—How the Matter Became Public Through Sioux City Business Man.

DES MOINES, IA., Sept. 29.—(Special.)—To fight fire with fire, a life for a life, lawlessness for lawlessness—these are the aims of an anti-Anarchy society which has just been formed in Iowa, which is expected to soon spread all over the United States. The society was established with the utmost secrecy as the result of the assassination of President McKinley. The head of the order is at Sioux City, but already agents have come to the capital city, and the movement is spreading in all directions. The name of this society is to be known only to the members. Its object is to rid the country of all who advocate the murder of public officials and the overturning of law. Its defense is that the ends justify the means.

The first intimation of such a body reached the public when a prominent Sioux City business man approached a lawyer who had acquired a local notoriety by striking down on the streets a defamer of the assassinated president, and after swearing him never to divulge the visitor's name, asked him to draw up a suitable constitution and by-laws for the society, outlining its policies and objects. The lawyer did as he was asked and the head society was formed by 99 business men of the western city. Only 12 men, however, know the mysteries of the new order, and they comprise the board of managers, being members by virtue of their priority of membership. They only will know who are the other members, but only three out of this 12 will have knowledge of the interior workings of the society, and will issue orders for action of the members in accordance with the purpose of the society.

FAMINE IN RUSSIA.

Government Making Great Efforts to Stay Ravages of Hunger and Disease.

ST. PETERSBURG, Sept. 29.—To-day, following up the recent publication of the famine conditions in 15 districts, the minister of the interior, M. Sipiaguine, issued a long statement on crop failure and the measures of famine relief upon which the central government has decided.

According to the reports of the governors, state assistance is required in 19 provinces, not counting the country of the Don Cossacks, which is under the war department. The reports estimate requirements for autumn and winter only, not mentioning the spring, when the need is greatest.

No detailed reports have been received from Orel and Yeniseisk, although it is known that both need assistance. Perm has a shortage, but local effort will suffice there.

Great difficulty will be experienced in transporting grain before the close of navigation. The government is now attending to the most pressing demands. A special commission has been engaged since the beginning of August in buying 6,300,000 poods of rye for the provinces suffering most. In the 13 districts mentioned medical organization is active and special relief is being given.

Scurvy has broken out in the government of Khvalinsk and two divisions of the Red Cross society are there.

SLAYERS' STRANGE TACTICS.

First Chopped Victims With Ax and Hatchet and Then Shot Bullets Into the Wounds.

DE SOTO, MO., Sept. 29.—(Special.)—Testimony indicating that John Meloy and Mrs. Sadie Uren, who were killed last night in the woman's home, were both murdered and did not die, as was at first believed, from wounds inflicted by Meloy, was given at the coroner's inquest to-day. William Greenhill and Daniel Greenhill, brothers of Mrs. Uren, admitted on the witness stand that they had struck both Mrs. Uren and Meloy on the head with an ax and a hatchet, declaring they did so because of excitement brought about by their belief that Meloy had shot their sister and then turned the weapon upon himself.

Drs. Farrar, Higginbotham and Auerswold, three of the most eminent surgeons in this section of the country, swore that the ax and hatchet wounds had been inflicted before the bullets were fired into the heads of the dead man and woman. More startling was the testimony of the doctors that the pistol used was thrust directly into the wounds inflicted by the ax and hatchet and then fired. The wounds of both Meloy and Mrs. Uren are in the right temple and very similar, and the bullets were found in the same places under the scalp at the back of both of their heads.

Feeling runs high to-night, and both William and Daniel Greenhill are kept under close guard by constables. The inquest will be concluded to-morrow.

RADICALS CALLED OUT.

Bayview Strikers Will Endeavor to Cripple Force of Illinois Steel Company.

MILWAUKEE, Sept. 29.—At a meeting to-day of the strikers at Bayview who still remain out it was voted to call out those of the radical element who recently went to work. It is said that about 35 of the skilled workmen will walk out to-morrow.

The reason for the course taken is said to be that the Illinois Steel Company is not paying the Amalgamated scale, which was in force when the men quit in a body several weeks ago. The result will be, it is said, the shutting down of two of the nine-inch mills. Employes who returned to work when the first break in the strike occurred and who belong to the conservative element, will remain at work.

The Illinois Steel Company will not listen to a committee of men on the wage question.

INVESTING IN ZINC LANDS.

Cleveland Capitalists Buy 2,000 Acres in Dade County, Mo.

JOPLIN, MO., Sept. 29.—(Special.)—A deal for 2,000 acres of undeveloped zinc and lead lands in Dade county has been closed, the purchasers being Cleveland capitalists who already own producing zinc mines in the district. The results have been so satisfactory that this new deal is made to organize a $1,000,000 syndicate to operate on an extensive scale.

The purchase price is supposed to be less than the prices formerly paid for mineral lands here, a dull period having caused a reduction.

AN EXPLOSION OF OIL CAUSES A DEADLY BLAZE

Mother Dead, Two Fatally and Two Others of One Family Badly Burned—Plucky Girl Saves Baby Brother and Suffers Terribly.

One dead, two dying in the hospital and two others seriously burned was the result of using oil for fuel in Braddock yesterday morning. The only one of the family of six not burned was the infant child, and he was saved by his 10-year old sister who now lies on a bed of agony when she might have escaped uninjured.

The Dead.

MRS. BARBARA STURGENT, aged 28 years.

Fatally Burned.

ANDREW STURGENT, aged 30 years.

GEORGE STURGENT, aged 13 years.

Badly Burned.

BARBARA STURGENT, aged 10 years.

ANDREW STURGENT, aged 8 years.

At 6:30 yesterday morning Mrs. Barbara Sturgent poured oil on the fire in the stove in one of the two rooms occupied by the family on the ground floor of the tenement house, 1102 Washington avenue, Braddock. There was a spark left from the night before and an explosion immediately followed. The woman had worked late the night before, and on a line stretched across the room was the clothing of the family.

In an instant the room was a mass of flame. The woman ran to the bed where her husband and two of the children lay and they, too, were soon in flames. Sturgent ran to the door, and throwing it open, jumped into the yard. The mother followed, the wind fanning her clothing into flame that extended high above her head. She, too, fell exhausted.

The children were still in the room which had become a furnace. George, the eldest, was the first to escape. He ran from one parent to the other tearing off the burning clothing. Andrew evidently got bewildered and could not find the door, as he climbed from the window.

Barbara, at the possible sacrifice of herself, wrapped a quilt about the baby, John, aged 3 years, and dashed through the fire, reaching the yard completely exhausted and with her clothing all on fire, but with the baby safe.

By this time the other tenants in the house were awake and getting out of both doors and windows. There were 10 families in the house, in all probably 70 people, as there were boarders.

There was the most intense excitement, and many of the people threw their goods from windows. An alarm was sent in and the firemen came in time to prevent the fire destroying more than the rooms occupied by the Sturgent family.

Physicians were summoned and did all in their power to alleviate the sufferings of the family. At 9 o'clock the father and oldest son were taken on a train to the McKeesport hospital.

Mrs. Sturgent was not moved, because the doctors said she could not live. At 1 o'clock it was decided to take her to the hospital. She was placed on a train, but died just as the hospital was reached.

The physicians at the hospital have no hope that the father or George Sturgent will live. They are burned from head to foot, and have inhaled the flames.

The two younger children, while badly burned, are in no danger. They were cared for by some of the neighbors, who also took the baby.

CORONER TO INVESTIGATE.

Alexander B. Russell's Wife and Babe Die and He Asks That an Inquiry Be Made.

Mrs. Mary Russell, wife of Alexander B. Russell, a gardener for the Hailman estate at Shady and Walnut avenues, died Saturday morning. A few hours before her death she gave birth to a child and Dr. J. B. McGrew was the attending physician. The husband of the dead woman last night filed with Coroner McGeary a request for an investigation into the cause of his wife's death. His letter is as follows:

Coroner McGeary:

Dear Sir: My wife, Mary Russell, died Saturday morning at 6 o'clock. I believe that she was not properly attended by Dr. J. B. McGrew, who was called to attend her. Kindly investigate and oblige.

ALEXANDER B. RUSSELL.

The babe died half an hour after birth and last night there was mourning in the little white brick cottage that stands back of the beautiful Hailman residence in Shady avenue. The aged mother of the dead woman was the only witness of the birth besides Dr. McGrew.

The coroner will hold an inquest this morning. The funeral of the mother and babe will take place from the late residence this afternoon at 2:30 o'clock.

Dr. McGrew could not be seen last night.

MARRIED IN HASTE.

New York Girl Weds a Theatrical Manager in Altoona in the Presence of Policemen.

ALTOONA, PA., Sept. 29.—(Special.)—In the presence of four policemen as witnesses, Miss Mary Trainer, a beautiful and highly connected New York girl, was married by the Rev. H. L. Jacobs at 1 o'clock this morning in the First Methodist parsonage here to Charles Allen, manager of the Lemoyne Dramatic Company and brother of Viola Allen, the actress. Miss Trainer arrived here on a fast express train last night from New York and was taken to police headquarters under advice of a message from her father to hold her until his arrival for running away from home, she being under age.

The young lady was permitted to go before Alderman DeBoyne, where she made affidavit that her age was 21 years. The deputy prothonotary, Calvin May, who lives at Hollidaysburg, was sent for and arrived just at this point in the proceedings with a marriage license for the couple. The police had no further charge on which to hold Miss Trainer after she had sworn that she was of age. Her father arrived here this afternoon. She refused to see him and left here with her husband for West Virginia.

WOMAN'S GIFT TO NEGROES.

By Her Will She Endows Booker T. Washington's Institute.

DES MOINES, IA., Sept. 29.—(Special.)—Mrs. James C. Callanan, wife of one of the wealthiest men in Iowa, has by her will endowed Booker T. Washington's Industrial institute at Tuskogee, Ala., with $20,000. Prior to her death, August 17, Mrs. Callanan had had extensive correspondence with Mr. Washington, and after studying his plan thoroughly and investigating the college at Tuskogee, had announced her intention of giving the negro leader monetary assistance.

J. C. Callanan ranks well up in the list of the dozen or so millionaires of the state. It is believed that he likewise will endow the institute, as he and his wife always worked together.

48 AMERICAN SOLDIERS SLAUGHTERED IN SAMAR

Company C of the Ninth Infantry Overwhelmed by a Body of Natives of the Island.

TWENTY-FOUR SURVIVORS ELEVEN OF THEM WOUNDED

The United States Soldiers Were Surprised While at Breakfast by a Vastly Superior Number of Insurgents, Who Captured All the Ammunition and Stores of the Troops and Most of Their Guns—Three Officers Escape.

MANILA, Sept. 29.—A disastrous fight between United States troops and insurgents occurred yesterday in the island of Samar, near Balangiga. A large body of insurgents attacked Company C, Ninth Infantry, only 24 members of the company escaping.

All the others are reported to havave been killed.

The company were at breakfast when attacked and made a determined resistance, but the overwhelming numbers of the insurgents compelled them to retreat.

Of the survivors, who have arrived at Basey, 11 are wounded.

According to the latest returns, the strength of the company was 72. The survivors include Capt. Thomas W. Connelly, First Lieut. Edward A. Bumpus and Dr. R. S. Griswold, surgeon.

Capt. Edwin V. Bookmiller of the Ninth Infantry reports that Gen. Hughes is assembling a force to attack the insurgents.

The insurgents captured all the stores and ammunition of the company and all the rifles except 12.

CONFIRMED BY CHAFFEE.

WASHINGTON, Sept. 29.—The war department has received the following dispatch from Gen. Chaffee:

"MANILA, September 29.

"Adjutant-General, Washington:

"Hughes reports following from Bassey, southern Samar: Twenty-four men Ninth regiment, United States infantry—11 wounded—have just arrived from Balangiga; remainder company killed. Insurgents secured all company supplies and all rifles except 12. Company was attacked during breakfast, morning September 28; company 72 strong; officers, Thomas W. Connell, captain; Edward A. Bumpus, first lieutenant; Dr. R. S. Griswold, major-surgeon, escaped. "CHAFFEE."

INSURGENT ACTIVITY WAS EXPECTED BECAUSE OF MURDER OF M'KINLEY

WASHINGTON, D. C., Sept. 29.—News of renewed activity on the part of the insurgents has been expected at the war department since the assassination of President McKinley. Officials familiar with the situation in the Philippines have been looking for a revival of the rebellion. The details of the shooting of President McKinley have not been received in the Philippines. All that is known is that he was killed by an anarchist, and this intelligence has by this time spread throughout the archipelago. The natural inference that the ignorant natives, who were in rebellion, would draw is that the president being dead the United States would be bordering on a state of anarchy and revolution. This would embolden those who are still in the field to greater activity. Further bad news would not surprise anyone in the war department.

Adjt. Gen. Corbin said to-night that Samar was one of the most fertile of the Philippine islands and had an area equal to the state of Ohio. It was never subdued by the Spaniards and is in a very wild and uncultured state. The natives near the sea are all friendly and Gen. Hughes said when Gen. Corbin visited the island that there was only about 350 insurgents in Samar. These, he said, were scattered and if he could only get them together in a body he felt certain he could pacify the island in an hour.

Pursuit Will Be Difficult.

It is Gen. Corbin's belief that all these insurgents collected and attacked the isolated company of Capt. Connell and then took to the mountains. He thinks the officers escaped because they were breakfasting apart from the men. Pursuit will be a very difficult thing, as there are only passes through the dense woods. Only recently $20,000 was sent to Gen. Hughes to be expended in road building.

Gen. Corbin has telegraphed Gen. Chaffee for a complete list of the dead and wounded and for further particulars. Another telegram, giving further details, is expected to-morrow.

The unwelcome dispatch was sent to President Roosevelt this afternoon. Adjt. Gen. Corbin expresses the opinion that the company's officers must have been negligent in the matter of posting pickets, otherwise the camp could not have been so completely surprised as to lead to such slaughter. Our officers in the Philippines fear night attacks more than anything else, and it is common gossip in military circles that they have a habit of withdrawing their pickets at daylight upon the assumption that all danger of attack is then over. In this instance it is probable the outposts were permitted to come in to breakfast, no relief being sent to take their places.

The insurgents who had probably been lurking for several hours in the brush took advantage of this opportunity to rush and surprise the camp. It is predicted at the war department that Gen. Chaffee will order a rigid investigation with a view to fixing the responsibility for this great loss. While the slaughter of the troops is greatly deplored, there is also comment upon the capture of such a large quantity of rifles and ammunition by the insurgents, as this means more trouble for the United States forces operating in that island.

Lieutenant Evidently Killed.

It is evident that the second lieutenant of the company was killed, but it is impossible to get his name until Gen. Chaffee responds to the war department's request for a complete list of the dead. There have been recent changes in the roster which are not given in the army list.

The captain of the company, Thomas W. Connell, was appointed from New York to the military academy, which he entered September 11, 1899.

All the officers connected with Company C are named in Gen. Chaffee's dispatch, there being no second lieutenant now with the company.

The Ninth United States infantry has a fine record for hard fighting. Not only in the civil war but in service throughout the west afterward it saw several campaigning. The regiment went through the Cuban campaign and lost men at San Juan hill.

After the return of the regiment to the United States it was stationed at different posts in New York state, the largest number of companies having been placed at Sacketts harbor. On February 14, 1899, orders were issued for the regiment to leave for Manila and the start was made three weeks later, the regiment being in command of Col. Powell.

Married men who went through the Cuban campaign and others whose health was shattered were left behind. The regiment sailed from San Francisco and had only been at Manila a short time when on June 17, 1900, orders were issued for it to depart at once for Taku, China, news having been received of the murder of missionaries. Col. Liscum was in command. The regiment sailed on June 23 with 29 officers and 1,371 men. The command arrived at its destination on July 10 and went almost at once into action. On July 13 the fight of the allied forces against the China troops took place at Tien-tsin.

The Ninth bore the brunt of the fighting. Col. Liscum was killed, together with several other officers and 18 enlisted men, while 82 were wounded. Of those who lost their lives three enlisted men belonged to Company C, while 15 of the same company were wounded.

The regiment left Peking May 22, 1901, for Manila, but had only gone a short distance when it was ordered into camp, smallpox having appeared. The disease was soon checked and the regiment proceeded on its journey, arriving in Manila in June. Since that time the companies have been stationed at different points in the Philippines, being chiefly engaged in police duty and suppressing roving bands of insurgents.

Plenty of Soldiers in Samar.

MILWAUKEE, Sept. 29.—When his attention was called to the dispatches announcing the disaster that had overtaken Company C of the Ninth Infantry, Gen. Arthur MacArthur said:

"This is one of those deplorable, isolated incidents which will have no effect upon the general result. It is a portion of the insurrection which has been conducted by Gen. Lukban, which has never been suppressed. There are plenty of soldiers there to ultimately subdue the rebellion in the island of Samar. The details are too meager for me to discuss the subject."

NEGRO WHIPPED TO DEATH.

One of the Mob Shot and Killed by Another Colored Man.

LONVIEW, TEX., Sept. 29.—A party of white men at Hallville last night whipped a negro so severely that he died. They then attempted to break into the house of another negro who shot and killed Julian Atwood. Armed citizens have been searching for Tom Walker, who did the shooting, and late reports say he has been hanged.

The trouble was over crop mortgages. It is said the negroes secured advances on their crops and then refused to fulfill the contract.

DAY OF GRACE WAS GRANTED

City Employes to Be Decapitated Will Learn Their Doom To-Day.

MUCH SPECULATION AS TO SUCCESSORS

Robert McKinley, of Fire Bureau, Dismissed a Day Sooner Because He Was Going Out of the City. Gov. Stone Had Many Visitors.

Public safety employes spent an unhappy Sunday. They expected the ax to fall, and it was not until late in the evening that they learned another day of suspense must pass before the "slate" is made public.

The list of removals and appointments to be announced by Director Andrew Fulton is spoken of at the palace as the "slate."

Director E. M. Bigelow of the department of public works has seven or eight appointments to make, but he will not take the public into his confidence before this evening or to-morrow morning.

Director W. W. Nisbet of the department of charities and corrections has 166 positions at his disposal—for the present he will not make any changes. To-day or to-morrow he will announce several appointments. It is probable that George Linderman will continue as superintendent of Marshalsea for a time at least.

Delinquent Tax Collector Hays has figured out four or five changes that he will make in his force of 13 clerks.

With the coming of the new month it is likely that W. B. Rodgers will announce whether he will accept the city solicitorship. Friends of the administration do not expect a refusal.

Recorder A. M. Brown has five sinking fund commissioners to name. It is probable that these will come this week. He also has a force of ordinance officers to select.

The department heads which will certainly fall are said to be:

Roger O'Mara, superintendent of the bureau of detectives. His friends say that loss of position will not be a serious hardship from a financial point of view, as his wealth is placed at $250,000.

A. H. Leslie, superintendent of the bureau of police.

Morris W. Mead, superintendent of the bureau of electricity. Eugene Ingold, at present an inspector, is said to be his successor.

Crosby Gray, superintendent of the bureau of health. A. J. Pitcairn, a Pennsylvania railroad conductor and resident of the Fourteenth ward, will succeed Mr. Gray.

J. A. A. Brown, superintendent of the bureau of building inspection.

W. T. Taggart is at the head of the bureau of plumbing and house drainage. There has been strong pressure to retain him by many of the plumbers of the city. The fate of Miles S. Humphreys, chief engineer of the bureau of fire, is also in doubt.

Sol Coulson, the assistant superintendent of police, is expected to get orders to quit. He has long been in the service, and like Roger O'Mara would be entitled to draw an annual allowance from the police pension fund.

Elias Johnson, chief clerk in the department of public safety, is pretty certain to get an opportunity to resign. He is a relative of former Director J. O. Brown.

There has been a report that W. R. Brown, superintendent of the bureau of engineering and surveys, was to be removed. Mr. Bigelow said yesterday that he had never authorized any statement of the kind.

Director Andrew Fulton was at his office for a time yesterday afternoon and was closeted with Robert Fulton, private secretary to Director Bigelow. It was said that there is a possibility that Robert Fulton will become chief clerk of the department of safety.

Robert McKinley, one of the assistant engineers of the bureau of fire, and a brother of Sheriff William McKinley, received a notice yesterday announcing his removal. He had secured leave of absence to attend a convention of firemen in Philadelphia this week, and as he was leaving the city to-day the notice was sent to him, so that he could be informed of his dismissal before going. It was said last night that his place was to be taken by Peter Snyder, captain of No. 1 engine company.

Gov. Stone spent yesterday at the home of his son, Stephen, in the East End. A number of old friends called to see him. J. O. Brown was with him for a few minutes in the morning.

Director E. M. Bigelow had a long talk with the governor on Saturday. The executive expressed himself as well satisfied with the condition in Pittsburgh.

Thomas S. Bigelow was also with the governor for quite a time. Col. Stone went to Harrisburg at 4:50 o'clock in the afternoon.

While the governor was in the city, the announcement was made that ex-Mayor Charles Geyer would be a candidate for senator in Allegheny. He will oppose Senator Charles Muehlbronner for the nomination. Col. Stone is credited with being desirous to defeat Mr. Muehlbronner. Recorder John Murphy is said to be backing Mr. Geyer.

FAILURE OF SIGNALS NOT SCHLEY'S FAULT

Capt. McCalla Settles the Question by Taking the Blame Upon Himself.

WASHINGTON, D. C., Sept. 29.—Capt. B. H. McCalla yesterday exonerated Admiral Schley of blame for ignorance of the Cuban signal code, taking most of the blame upon his own shoulders. Before the court of inquiry he admitted that he had disobeyed the orders of the department.

While commanding the sub-squadron off Cienfuegos before the arrival of the flying squadron, he had been ordered to proceed to Key West and leave only the smallest of his command off Cienfuegos. This was the Eagle. He did not leave her there to tell Schley that a landing place had been arranged and signals established with the Cubans. His excuse was that he was on the spot and used his best judgment, and that he considered it a useless sacrifice of the Eagle, which would have been at the mercy of the Spanish ships had they come up. The two Spanish gunboats in the harbor, he also said, would have overpowered her.

So he took the Eagle with him. En route to Key West he met the flying squadron and sent the Eagle to communicate with the Brooklyn, giving her the situation as he knew it. Capt. McCalla stated that he supposed Schley was bound for the Caribbean Sea in search of Cervera. Had he known that Schley was going to Cienfuegos he would have gone alongside the flagship and given Schley the code and the information as to the landing place.

The fact was also brought out by the witness that the Iowa, which took dispatches from Sampson to Schley at Cienfuegos, had not left the latter place when Capt. McCalla arrived there and made his report. Yet Sampson did not inform Schley of the code of signals in the dispatches which he had sent to him by the Iowa.

Capt. McCalla tried to show in his testimony that the commander of the flying squadron did not exercise the greatest caution in the world, although these were his orders, and also accused the commodore of not pressing with sufficient vigor the attack upon the Colon. He also dwelt upon the delayed coaling of the squadron, and this also tended to show that Schley did not do all that was expected of him.

Capt. W. H. Sutherland, who commanded the Eagle during the war, also testified, mainly about the alleged feasibility of coaling at sea.

CONSCRIPTION IS ADVOCATED

British Military Journals Believe That Involuntary Service in the Army Is the Only Way to Secure Sufficient Troops to Cope With the Conditions in South Africa.

Special Cable to Commercial Gazette.

LONDON, Sept. 29.—Frank advocacy of conscription is the feature of the latest issues of the British military journals. They state that the situation in South Africa has became so grave that only return to the principle involved in the militia ballot act can place a sufficient number of troops at Lord Kitchener's disposal and avert an imperial calamity. The Naval and Military Gazette says:

"It is to be feared that Lord Kitchener will require more men. Where are they to be got, unless, indeed, the colonies be asked to send more men? The Yeomanry are not coming forward as it was expected they would, and the experiment of sending out raw recruits is not likely to be repeated. On the whole there is little enough on which to congratulate ourselves just now except the magnificent spirit of the army in the field, and of that we are ashamed to take advantage. Perhaps the government will redeem its past feebleness by taking the only step that meets the case—putting in force the only form of conscription that will be acceptable in England."

The same journal deplores the state of things in Cape Colony, admitting that large numbers of the colonial Dutch are joining the enemy and that practically the entire population in invaded districts is giving assistance of various kinds to the invaders. It says:

"In 1899 ministers thought there would be no war. In 1900 they thought the war would end. In 1901 they think peace can be secured by proclamations. These miscalculations have been paid for in the devastation of South Africa, rivers of blood and millions of treasure. Nevertheless the nation still refuses to learn its lesson, perhaps because it is not bitter enough. Do we intend to wait for an awakening that may come to it late?"

KITCHENER TO THE BOERS.

Lays Whole Blame for the War Upon Them and Says Britain Wants Peace.

PRETORIA, Sept. 29.—A pamphlet has been published here under Lord Kitchener's authority containing a notice of the permanent banishment of several Boer leaders, captured since September 15, and also a long letter from Lord Kitchener replying to a communicadon from Acting President Schlak-Burger, received September 5. Lord Kitchener promises to send the Schalk-Burger letter to the imperial government which, he says, reciprocates the Boer statesman's desire for peace.

Lord Kitchener then proceeds to explain that the responsibility for the war rests with the Burghers, "whose invasion of unprotected British territory opened the saddest page in South African history." He quotes a letter from a member of the Volksraad to a member of the Cape Colony assembly, declaring that "the time is ripe to drive the English from South Africa."

In conclusion Lord Kitchener declares that, having annexed the two republics to Great Britain, he cannot break faith with the people who have shown loyalty to the new regime and, so far as clemency to Cape rebels is concerned, this is the prerogative of the ruler, which must be exercised with unfettered discretion.

A proclamation has been issued providing for the sale of properties of Burghers still in the field in accordance with the terms of Lord Kitchener's previous proclamation.

LONDON, Sept. 30.—The Daily Express publishes a report that Lord Kitchener has asked for 25,000 more seasoned mounted men and for power to hang rebels, traitors and murderers without reference to the home government.

"Immediately on his return from the continent," says the Daily News, "the king summoned a meeting of the council to consider Lord Kitchener's position. It is understood that his majesty assumed a very strong attitude and closely questioned the ministers upon their proposals."

The Daily Express says it understands that when the war in South Africa is over King Edward and Queen Alexandra intend to visit the colonies and India, and that while in India his majesty will be crowned emperor of India.

AUTO USED IN BULL FIGHT.

Innovation Introduced at Bayonne, France, Frightened the Animals.

PARIS, Sept. 30.—A dispatch from Bayonne to the Figaro describes a bull fight which occurred there yesterday in which an automobile replaced the horse of the picader. The novelty drew an enormous crowd; but seven bulls in succession turned tail and fled at the sight of the automobile.

M. Henri Deutsch of the Paris Aero club, who established the prize for a steerable balloon which M. Santos-Dumont, the Brazilian aeronaut made such a valiant effort to win, furnished the automobile and presided over the fight.

CHUN STARTS HOME.

Expiatory Mission Ordered to China By the Emperor.

BERLIN, Sept. 29.—Prince Chun, head of the Chinese mission of expiation, starts for China to-day in obedience to a special command from his brother, Emperor Kwang-Su. He will not be allowed to visit other European countries or the United States officials.

Yesterday he received a delegation of Protestant missionaries, who presented to him an address and a copy of the New Testament, printed in Chinese and German.

GERMAN SOLDIERS POORLY EQUIPPED

Troops of the Kaiser Made a Sad Showing in China.

Special Cable to Commercial Gazette.

FRANKFORT-ON-MAIN, Sept. 29.—Sensational criticisms relating to the German army in China, which have been appearing in Der Ostasiatische Lloyd, have caused great excitement in military circles. That journal asserts that the khaki uniforms of the Germans made a sad showing in comparison with the uniforms of the other armies, particularly as scarcely any one resembled another.

It alleges that there were many instances where the coats and trousers of the same uniform were dissimilar. It also charges that the soldiers were not given a sufficient number of shirts to enable them to keep clean. These allegations have been brought to the attention of Count von Waldersee.

SULTAN MAKES PROMISES.

Ruler of Morocco Says Abducted Spaniards are Alive.

TANGIER, Sept. 29.—Saavedra, the dragoman of the Spanish legation, has arrived at Marakesh and been received in audience by the sultan of Morocco, who promised that all the Spanish claims should be satisfied.

The Shereefian government declares that the Spanish boy and girl who were recently abducted by the Moors are still alive.

Christians and Musselmans Fight.

PARIS, Sept. 29.—A dispatch from Constantinople reports that a sanguinary conflict has taken pince between Musselmans and Christians at Beirut, Syria. No details are given.

FIRE ALTERATION SALE.

Floors Must Be Torn Up Owing to Recent Fire in Warerooms of Henricks Music Company, Ltd., 609 Smithfield Street—Pianos at Sacrifice Prices—A Chance of a Lifetime.

The boiler rooms and electric dynamos of the Lewis block are under the warerooms of the Henricks Music Co., Ltd., and the heat generating ignited the flooring recently, but fortunately was discovered in time to prevent any great damage. To insure safety for the building the floors have to be raised two (2) feet to permit the boilers to be arched over with brick and cement work to keep the heat from the floors overhead.

This will require vacation of the room, and Pianos on hand (about 50) will be sold at cost to clear room quickly and permit workmen to start, so that they may finish in time to receive the new stock of Pianos and Organs that will arrive about November 1 for the holidays.

Some pianos are slightly used, a few shop worn, some concert used, but the majority new, and the prices offered should sell them within a week. You can get a piano as low as $15 down and $8 per month. The following are the goods to be sacrificed for quick sale—

2—$600 Decker Pianos.....$375
1—$650 Steinway Piano.....$350
2—$600 Muthushek Pianos.....$350
1—$550 Kranich & Bach Piano.$325
3—$550 Mathushek Pianos.....$325
1—$500 Knabe Piano.....$300
8—$500 Schaeffer Pianos.....$200
1—$450 Hazelton Piano.....$275
10—$450 Schaeffer Pianos.....$275
6—$425 Schiller Pianos.....$260
10—$400 Carleton Pianos.....$240
2—$350 Schubert Pianos.....$225
4—$375 Schiller Pianos.....$215
2—$350 Harvard Pianos.....$190
2—$325 Durham Pianos.....$165
1—$300 Whitney Piano.....$135

In addition to the above bargains, we have cheaper pianos and a few organs, some pianos as low as $50, organs from $15 upwards, on very easy terms. All of the above instruments are in stock and can be seen at our warerooms. This is a bona fide bargain sale and we expect to close out the stock within one week. Store will be open until 9 o'clock every evening. Come early and select your piano and save over $100 that you might spend by purchasing later in the fall. Every instrument fully guaranteed and exchangeable at full value if not satisfactory by

YERKES' PLANS ARE OPPOSED

Electrical Experts in London Said to Be Openly Hostile to His Projects—His Demand for a Larger Tunnel for Charing Cross Underground Line Is Opposed.

Special Cable to Commercial Gazette.

LONDON, Sept. 29.—A suspicion of antagonism is rapidly gathering about the personality of Charles T. Yerkes. The directors of the Metropolitan Underground railway, the people with whom the Chicagoan is engaged in open warfare, make no attempt to disguise their hostility. But Mr. Yerkes' enemies are not all on the board of the Metropolitan. They lurk in almost every quarter of the London electrical world, and their antagonism is none the less effective because they are under cover. One of the foremost British traction men said to the Commercial Gazette correspondent to-night:

"Mr. Yerkes' obstinate determination to have his own way causes us to doubt the seriousness of his tube plans. His demand for a larger tunnel for the Charing-Cross, Euston and Hampstead road is unwarranted. A joint committee of the lords and commons reports that the Central London tube is quite large enough. Besides, Mr. Yerkes admits that a tunnel the same size as that of the Central will do for the Brompton and Picadilly line. This admission makes the claim that a larger tunnel is needed for the Hampstead road ridiculous.

"There is a growing feeling that Mr. Yerkes is obtaining franchises with the object of keeping out rival lines. Londoners will not tolerate such tactics. Mr. Yerkes might proceed with the Hampstead line, pending preliminary action concerning the request for the right to build a bigger tube. He could begin at once to secure land for stations and to sink shafts. A good nine-months work might be started immediately, but he refuses to budge until he gets all he wants. Such methods are admirably calculated to prejudice the whole community against him."

Mr. Yerkes treats these strictures with smiling indifference and asserts that the responsibility for delay does not rest on his shoulders but on the shoulders of those who are trying to interfere with his business.

AMERICANS GET CONTRACT.

United States Firm Will Build an English Tramway to Cost $760,000.

LONDON, Sept. 29.—(Special Cable.)—American electrical engineers have scored another victory in England. The firm of J. G. White & Co. has been awarded the contract to build the corporation tramways in Bournemouth at a cost of $760,000.

Special interest attaches to the proposed lines for the reason that they will be the first ever constructed in Great Britain combining the conduit and overhead trolley systems. If the system should prove satisfactory it will be adopted by a number of British municipalities. The Bournemouth lines will be constructed by an English company organized by Americans.

DAULER, CLOSE & JOHNS

Artistic Furniture

The artistic treatment of woods in the United Crafts workshops is the result of long and close experiments aiming to aid, repeat, and further the processes of nature. The colors given to native woods are such as meet the eye in places where time and exposure have produced "accidents" of tone and shade.

It is further to be remarked that the materials used in construction are not employed for the sake of their rarity and costliness, but rather for the possibilities of beauty which they afford. The value results largely from the labor expended, and from the intelligence of the workman, who does *all that he can* to develop the suggestions contained in the material itself.

Specimens from the United Crafts Workshops are now on exhibition at our House.

DISOBEDIENCE IS ANARCHY'S ROOT

Dr. McCrory Traces the Crime to Its Sources in Home and School.

CZOLGOSZ HAD NO MORAL STANDARD

Dr. McCrory Therefore Compares Him With the Police Who Permit Vice to Flourish—Christ Must Be Preached as King.

"Anarchy, Its Root and Fruit," was the theme of the Rev. Dr. J. T. McCrory's sermon last night at the Third United Presbyterian church. "Anarchy," said Dr. McCrory, "is the repudiation of government and authority. We have incipient anarchy all about us, in the home where the child disobeys its parents; in the school where the student disobeys his instructors; in society, where the citizen lightly disregards law; in the church, where its members do not stop to inquire what the order and discipline of God's house is; and in governments themselves, when they reject the divine law that all nations are subject to God's will. The spirit of anarchy that led to the assassination of President McKinley came to its culmination through the suggestion of our own government in defying the Lord of heaven, the laws of the state of New York and the moral sentiment of common decency by keeping the exposition open on Sundays and permitting institutions there which brought a blush to the cheek of the most hardened men. 'Czolgosz,' Dr. McCrory continued, 'did not believe in God, in government, in marriage or in a future state of reward and punishment. He had therefore no moral standard, no obligation to his fellow men—and he held the belief which has ruled the police force of this city for 15 years, that the vile animal passions of men should be given free rein. Would to God that the subtle force which will be applied to sever his soul from his body might strike dead the damnable spirit that inspired the cowardly deed.

"To stamp out anarchy, or rebellion against God, we must preach Christ. First, as a king all-powerful to act and to judge; second, as an atonement, having unutterable love. And third, as a ruler who calls for heart surrender and heart purity. Let us live under McKinley's master, who inspired him with a spirit to lay down the world's power and say, 'God's will be done,' rather than under the master of Czolgosz, who could nerve his hand to send the fatal bullet into the body of the ruler whom the nation loved."

LYNCHING IS ANARCHY.

So Declares Pastor Stanton in a Sermon on the New Lawlessness

The Rev. W. A. Stanton, D. D., preached last evening in Shady Avenue Baptist church on the "New Lawlessness." It was the second of a series of four sermons addressed especially to young people on the general subject of "Conflicts of the Twentieth Century." Choosing for his text the 8th, 9th and 10th verses of the first chapter of I Timothy, Dr. Stanton said:

"The young people of the twentieth century will have a great conflict with lawlessness. This lawlessness has a great range; it goes all the way from brutal murder by a coarse assassin to skillful evasion of civil statutes by learned and aristocratic offenders.

"Legislative bodies enact statutory law. Then men and combinations of men who occupy high positions in legal, commercial, professional, manufacturing and carrying departments of life, spend vast sums to violate such laws without suffering the penalty.

"All this breeds contempt for law and a conviction that punishment for the violation of law depends upon who the violator is. It is this situation of affairs that furnishes the soil in which anarchy roots. Out of this come riots, assassinations and lynchings. Lynching is lawlessness. The lyncher is for the time being an anarchist.

"The orderly and deliberate process of law which puts to death a president's assassin is far more impressive than would be immediate vengeance by the horrified and infuriated witnesses of his crime."

NO NEED TO GET A PREACHER

The Rev. J. P. Calhoun Eulogizes McKinley's Christian Character.

The Rev. J. P. Calhoun administered the Lord's supper to a large congregation in Homewood Avenue Presbyterian church yesterday morning. Thirteen new members were admitted. In the evening Mr. Calhoun preached on "Lessons from the Life and Death of President McKinley."

"A prince has fallen," said Mr. Calhoun. "The great and Christian ruler of a mighty republic has been shot to his death under such circumstance as to make the pulse of mankind stand still with horror.

"This is the work of hell, the demon spirit of anarchy that denies God, strikes at the marriage bond, and assails the very constitution of human society. It would be a powerful blow against the family and government to exterminate the president of the United States, and the awful deed was done.

"During all his public life, no one ever called into question our president's personal Christian character. No need to get a preacher when this stricken man died. He had made his peace with God when a lad in his father's house.

"Thank God for the triumphant death of William McKinley. His prayer for his executioner, his affection for his wife, his last song, his last words, oh, here was a triumph of the Christian faith that broke the world's hard heart, and made the day of his funeral a real Sabbath in all the land."

TEN YEARS OF GROWTH.

The Shadyside United Presbyterian Church Celebrated the Rounding of Its First Decade.

The Rev. J. K. McClurkin, D. D., preached a special sermon yesterday morning in Shadyside United Presbyterian church in recognition of the tenth anniversary of its founding. His text was: "He thanked God and took courage." Acts 28:15.

He reviewed the history of the church during the ten years and talked of the hopeful outlook. He expressed the hope that before long an assistant would look especially after the Olivet mission, which is under the control of the congregation and is a vine of its own planting.

In closing the speaker said: "No one of us has many decades at his disposal. When the decade upon which to-day we enter has run its round how many of us will be amid other scenes, will have passed into other homes and other fields of service? How many will have gone home to God? As we cross the boundary line to-day with another decade let these three words be graven upon our hearts. Let them become the inspiration of our lives: Trust in Christ! Work for Christ! Walk with Christ!"

The New Lace Curtain Collections.

We are flattered by our successful efforts in gathering a great collection of handsome Lace Curtains—the largest we ever had.

The facilities we have for exhibiting these curtains are unique.

The collection starts with the simple, tasteful and good wearing Nottinghams in 270 styles, priced from $1 to $8 a pair, comprising neat border effects, Marie Antoinette, Renaissance, Arabian and All-Over patterns.

Then the dependable Irish Points at $5 and up to $18 a pair.

Brussels Point Lace Curtains, $5 to $60 a pair.

Renaissance Lace Curtains, $4.50 to $55 a pair.

Point de Arabe Lace Curtains from $5 to $12.50.

Real Arabian Lace Curtains from $7.50 to $125 a pair.

We take special orders for Sash Curtains and Door Panels, where there are odd sizes to be made, so they will harmonize. 350 patterns from which to select. Special work of this kind requires some little time to do it in a first-class manner.

New Bobbinettes are shown in all widths, with Laces, Insertings, Edges and Motifs, for executing special Curtains and Panels.

Many new styles of Curtain Swisses by the yard. A neat thing is a Dotted Swiss with Ruffle Edge, in widths of 32, 43, 60 and 84 inches, matchable. Can also be used to advantage for bed valances.

One thousand styles of new Cretonnes, comprising all sorts of colorings and patterns. 15c to $2.50 a yard.

New English Dimities, small neat patterns in colors; also white brocades for bed fixings—90, 72 and 54 inches wide. They make up without the necessity of a seam in center of spread.

New Valance Bordered Dimities, 20c, 25c and 30c a yard.

The New Portieres.

Showing Brocades in all the leading colors, at $2.50 a pair.

An Unsurpassable Collection of Dress Goods in Colors and Black, and an Unsurpassable Range of Lowest Prices.

Second Aisle, Left Main.

There are no stores in the Western part of Pennsylvania that pretend to compete with us in high-class dress fabrics; there are none that can meet our prices with equal quality.

Any grade of our dress goods will stand any test the buyers choose to employ. As to lowest prices they will stand all comparisons. We invite the closest scrutiny as to texture, and all possible comparative means as to low prices.

Take the following as a test:

Wool Etamines, $1, $1.25, $1.50, $1.75, $2 a Yd.—

A direct importation, one of the large orders which our dress goods buyer placed while abroad late in the Summer. These Wool Etamines come in large and small meshes, and are to be worn over black and contrasting color linings. Thirty pretty new shades, and deep and medium black.

Waist Cloths, 50c a Yd.—

3,000 yards of Plain and Fancy Armure Waist Cloths, that are regularly 75c a yard. This is a most important offering for separate waists and house dresses. Pretty color effects and combined colorings.

Over Three Hundred Styles

of new Dress Fabrics from abroad, among them

Novelties from France.
Tailorings from England.

New weaves in the most artistic styles and colorings.

A prodigal showing of the favorite Zibeline and Canvas Cloths.

The General Price Range, $1 to $6 Yard.

In the Black Goods Dep't

there will be a sale to-day, comprising the following:

$2.50 a yard Finest Imported BLACK BROADCLOTH, at the unusual price of..... $2 A YD.

Since June 1st we have sold 100 pieces of this one number, representing 4,000 yards.

Please understand that we have other makes of Black Cloths, all of excellent value, from 75c to $5 a yard.

A Rare Display of Bric-a-Brac.

Third Floor.

We go anywhere after the rare—to Asia, to the continent of Europe, all through England, anywhere in America.

In a little Scotch inland town there is a little pottery that turns out the rarest of ceramics. It is known as Wemyss ware. None of it comes to this country, because the makers have all the home orders they can take care of. Through the good offices of a friend we have been able to secure an importation and it is here in beautifully hand-decorated Flow Vases, Loving Cups, Flower Pots, Tea Pots, Cracker Jars, Ink Stands, Toilet Ware, Candlesticks, Flower Baskets, Plates, Bowls, Jardinieres, etc. The subjects are quite original and very bold.

While assortments are generous is the time to think of the Holiday gifts. We'll lay your selections aside and hold them until you say deliver.

The following for consideration—

Flemish Burnt Wood in Plaques, Stationery Boxes, Glove, Handkerchief and Collar Boxes, etc.

New Bronze Figures from Austria.

New Carved Ivories, Satsuma, Cloisonne, Imari and Moriage Ware from Japan.

New Majolica Vases from Italy.

New Steins and Plaques in the celebrated Mettlach Ware.

And a great array of other fine pieces of Bric-a-Brac and Cut Glass.

Black Silk Waists,

Second Floor.

$3.75—
Choice of Black Silk Waists from 32 to 44 sizes. Finished with fine tucks and drawn work; sleeves and body to correspond. All lined.

$5.00—
Black Silk Waists buttoned down front or back, as preferred; finished with combinations of inch and half-inch tucks. Some with strapped yoke effects. All this season's best styles.

Variety from the foregoing up to $25.

Small Furs for Early Wear.

Second Floor.

It was our good fortune to secure special favors in the selection of our fine collection of Furs. At best, Fur weather is only a few weeks off, and by selecting now there is the advantage of complete assortments which cannot be enjoyed when the rush sets in.

These Neckpieces for consideration—

Genuine Marten shaped Scarfs, full cluster tails, $3.50.

A better grade of Marten shaped Scarfs, full cluster, $5.

Excellent Sable Fox Scarfs with brush tails, $7.50.

An extra value in Sable Fox Scarfs, with large brush tails, $10.

Marten shaped Scarfs with Fox tails, $7.50.

The above is but a meager show from this finely equipped Fur department. We have neckpieces of every known fur, and in all the new shapes—shaped straight or the long Boa, which will be prominent and fashionable.

We made special endeavor to secure fine fur Jackets and exhibit them in all the wearable furs.

Full line of Muffs to match all garments and neckpieces.

We also sell Fur Trimming by the yard.

Decorative Linen Pieces.

Street Floor Wing of Annex.

The collection includes Hand Drawn Work from Mexico, Hand Embroidered Linens from Japan, Embroidered and Lace Trimmed Linens from Germany, extra fine Embroidered and Lace Goods from France and Belgium, and Hemstitched, Embroidered and Hand Drawn Work from Ireland.

The most notable gathering of finest Linens we ever exhibited.

Biggest Rug bargain of the season.

Pretty Persian Hearth Rugs for $7.50 each.

Laces for Lovers of Lace.

First Aisle, Right Main.

And where is the woman who does not love Lace? The kings of fashion of the Rue de la Paix, Paris, have, one and all, declared their allegiance to Laces. The demand has already begun on this side of the ocean. Of course, we are prepared.

IRISH CROCHET LACES—having the seal of royalty therefore nothing so fashionable. All widths from two to seven inches. Usable either for flat trimming or for making revers and collars. $4 to $15 a yard.

SWISS LACES—Excellent and dependable. Edges 4 to 9 inches, 75c to $4 a yard. Insertings, 1 to 9 inches, 25c to $2.50 a yard.

REAL DUCHESSE AND POINTE LACES—Never before so well prepared to meet the demand for genuine Laces. Real Pointe Lace, 1 to 9 inches, $3 to $75 a yard. Real Duchesse Lace, 1 to 22 inches, $1.25 to $40 a yard.

FLOUNCINGS—In "Bertha," or circular Flouncings, a superb assortment. $12 each to $125.

Winter Outfits for the Bed.

The most comfortable of bed coverings at this time of the year are cotton blankets to be used in place of a sheet. They grow more in popular favor each season.

Here is a list of underpriced Bed Clothing that will be interesting:

Cotton Sheet Blankets—white with blue, pink and red borders—80c, $1, $1.25 a pair.

Bleached Sheets at less than the price of the sheeting by the yard—double bed size, 81x90, 50c each.

Bleached Pillow Cases, 42x36 and 45x36—10c each.

Crochet Bed Spreads—new Marseilles patterns—$1, $1.25, $1.50, $2 each.

Crochet Spreads, fringed for Brass and Iron Beds—$1.25, $1.50, $2 each. One hundred extra fine satin finished Spreads—extra large size, $2.75 quality, $2 each.

Bed Spreads for all sized beds, as well as crib and cradle, from 65c to $13.50 each.

As to Blankets, the only kind we have are strictly all wool—no ifs and ands about the matter. Whatever price you pay for a blanket here the blanket must be wool, $2.50 to $18 a pair.

Comforts, filled with finest white cotton, covered with best materials, $1.25 to $6 each.

Wool Comforts, $2.50 to $18 each.

Down filled Comforts, odorless, $4 to $22.

Brass Beds and Accompanying Requisites.

Fourth Floor.

The finest and largest collection we ever had—the handsomely plain beds and beds more or less elaborated—Empire, Colonial, Egyptian, Louis XVI., and also many modern patterns. There are seventeen different prices in between $25.00 and $100.

We also have a full line of White Enameled Bedsteads—Iron with the enamel baked on—and these are the regular three sizes, double, single and three-quarter, in a price range between $6.50 and $45, with 16 in-between prices.

We have given this bedstead business a careful study and among other things have paid much attention to beds for servants' rooms and we think we have the most substantial Iron Bed ever constructed for such purposes.

It is made without brass trimmings and comes in three pieces. The bottom is a most comfortable spring. The bed combines convenience, comfort, durability and neat appearance. The single bed sells for $9 and the double size for $11.

We make a specialty of good Mattresses—always giving the preference to hair. We'll make your mattresses to order if you desire—another of our specialties.

In Hair Mattresses two grades only—either good. We use no mixed hair. $24.50 and $31.50.

A very good substitute for Hair are the Bangalese Mattresses. They give perfect satisfaction. $16 each.

Another excellent Mattress is the one made of cotton felt. The name comes to it by the peculiar way the cotton is introduced into the covering. $7.50, $11, $12.00 each.

We sell Mattresses filled with picked cotton for $5 and $6.75 each.

Husk and Cotton Mattresses, or all Husk, also sea moss with cotton top, $4.75 each.

The right kind of a Spring is important. We make them a feature. Unholstered Springs are more satisfactory. $12 to $20 each. The Ideal Spiral Spring, for either wood or iron beds, $7.50 each. The National Link all Iron Spring, $6.50.

Cable Wire Springs, $5.50. Double weave Wire Webb Springs, reinforced, $5. Other good Springs $2.50, $3.50, $4 each.

Feather Pillows, standard size, 20x27, $2.50, $3.50, $4.50 a pair.

We renovate and re-make Hair Mattresses, Feather Pillows and Bolsters—do the work right and promptly.

China.

Basement.

We do a big business in China. We want to do a larger trade. We would like yours. Larger and better assortments—lower prices—the inducement.

For instance, where would you find in these cities such another collection of fine Plates as this? 1,000 dozen of Finest French and English China Plates ranging from $2.50 to $300 the dozen. And the plates at two dollars and a half the dozen the best of their grade, as are the plates at the in-between prices up to the three hundred dollar plates.

To correspond and match the plates we have Bouillons and Teas, priced from $2.50 to $60 a dozen.

A suggestion for forthcoming weddings. We'll lay your selections aside for you.

In the way of every-day China, the following, and please notice particularly the 113-piece English Porcelain Dinner Set.

$3.50 a Set.
imported to sell for $4.50. New 12-piece English Porcelain Toilet Sets—pretty underglaze decorations.

$9.00 a Set—
best American Porcelain decorated Dinner Sets—delicate pink floral decoration.

$10.00 a Set—
This is an English Porcelain Dinner Set of 113 pieces which we brought over to sell for $17.50. In scrutinizing the sets very carefully we found some slight factory imperfections. None but an expert could discover them. But that is neither here nor there. We sell nothing but perfect goods, unless we tell of the imperfections. We'll close the line at the above price of $10 the set.

Big Values in Women's Jackets.

Second Floor

$7.50—
A specially good thing for the price. Black kersey Box Coat, double-breasted front, half fitting back, velvet collar, lined throughout with black satin.

$10 to $22—
A range in which you will find cheviot and kersey Box Coats of same style, but finer grades of cloth. Also fitted Jackets of same materials—both short and medium lengths.

To Increase Capital—President Charles M. Brown of the Pittsburgh Plate Glass Company has called a meeting of stockholders for December 2 to vote on the plan to increase the capital stock $2,500,000. The purpose of the increase is not stated. It is reported that there is a plan to absorb the interests of the Penn Plate Glass Company, which is the most extensive competitor of the Pittsburgh company. Another report is that the increase is to provide working capital to extend the jobbing house operations of the company and to participate in the plan of the American Window Glass Company people to control the Belgium window glass trade. Officials are unwilling to make a definite statement on these matters.

Carpets That Harmonize

We exercise particular care in selecting our carpet stocks to insure harmony in color and design, with the prevailing ideas of interior furnishing—

In the finer grades you will find patterns especially designed for the drawing room, the library, the dining room, the hall and the bedchamber—

Not merely a few of each—but scores of rich designs in

Royal Wiltons,
Velvets,
Axminsters,
Body Brussels—

It is by all odds the most extensive carpet stock west of New York—and fully as large and choice as any you will find in the Metropolis—

The new patterns are very beautiful—many of the choicest are made especially for us in England—and have our name woven in the back.

In the Curtain and Drapery department you will find hangings to harmonize in color and design with the finer carpetings.

rich new silks

This day finds us ready with a collection of handsome new Silks absolutely beyond compare with any former showing. More of a variety of new effects and a more extensive color range, including every fashionable shade of every color.

Have provided Silks for your selection as liberally as many pretentious stores provide cottons.

We mean to leave you no chance to avoid coming here when you want Silks.

Doing the Silk business on such a scale as requires your attendance for your own good, not only for style and color, but for what small profit prices on the highest class of merchandise saves you.

Ten beautiful Evening Shades in a new 48-inch Crepe de Chene at $2.00 A YARD.

Exquisite goods, and the great width affords advantage in cutting—takes fewer yards proportionately.

Peau de Crepe—greatest success of the season—Reseda, Gray, Cardinal, Cafe au lait and three delicate Evening shades, 27 inches wide, $1.00
—extra wide, you'll observe.
—have another fine line 24 inches wide, 85c.

Handsome new Plain White Grenadines—self figured stripes—75c.

Case of Imported Plain White, very brilliant 20-inch Taffeta Silks, at a price, for the kind, never known in the history of Silk selling, 55c a yard
—you just look at them, and see what quality you're getting for this price.

Big collection of choice new Fancy Chine Taffetas and Chine Paillet de Soie—75c to $2.50.

A hundred pieces new extra Brilliant Black Silks, 75c to $2.00, that will serve to prove it pays to come here when Silks are wanted.

New Black Chiffon Taffetas—extra lustrous, soft finish, especially adapted for the swell new long coats—85c, $1.00, $1.25, $1.50.

Diamante Brilliante is another handsome new Black Silk—lustrous and soft, but heavier than the above—75c, 85c, $1.00, $1.25.

new velvets

Mousseline finish, Chiffon finish, Silver finish—all new this season.

Fine imported French goods, soft and light weight as Panne.

All colors and Black, $1.50, $2.00, $3.00 a yard.

Extremely rich and will be deservedly popular.

A hundred pieces new Fancy Velvets—latest French ideas—dots, figures, stripes—$1.25, $1.50 to $7.50
—prettiest velvets ever brought to America, and the best France makes comes here.

vicuna zibeline

—soft, rich, beautiful goods, 47 inches wide, $1.25.

You know how fashionable Zibelines are—what swell gowns they make.

This Vicuna Zibeline is an exceptional thing at an exceptional price—the twelve best shades—Navy, Myrtle, Brown, Tan, Slate, Gray, Wine, Cardinal, Dregs o' Wine, Dahlia, Amethyst and Beige.

Several other lines of Zibelines that give you pick from a great variety as to texture and shades.

Camels Hair Zibeline, 52 inches wide, $1.25.

Panne Zibeline, 46 inches wide, $2.00, and 50 inches wide, $2.50.

Beaver Zibeline, with an extra long silky rep—52 inches wide, $3.25.

cricket cloth

is a smart looking thing for skirts—and good.

Black, Blue and Brown with White line stripes—50 inches wide, $1.00.

Lots of fine new stylish Skirtings, $1.00 and $1.25.

Heavy Reversible Skirtings to make up without lining—including the fashionable double-faced line stripes—$1.00 to $2.50.

Important showing and decidedly interesting values, $1.50.

50 inch homespuns, 35c

—wide and big value, but not fine—five mixes—Gray, Tan, Blue and Brown effects.

50-inch Mix Venetians, 50c—nice quiet-toned mixtures, including greenish effects now so much wanted.

Cloth that at half a dollar shows you a clean saving of twenty-five cents.

white petticoats

Sale of a special lot, with very fine, specially selected, embroideries, $3.00.

Not only extra good and pretty Embroideries, but very nice muslin, and made better than Petticoats are as a rule.

Same sort with embroidery dust ruffle, $3.50.

Dust Ruffle is the only difference—one made as well as the other.

A most interesting line of White Petticoats besides these—ranging from 50c to $40.00 apiece, including finest hand-made French goods.

Showing a very large, choice line of Fine French Underwear of all kinds just now—Chemise, Corset Covers, Drawers, Night Gowns, Short Skirts and Petticoats, also an exquisite collection of Infants' fine wear—hand-made French goods—away below lowest New York prices.

fine dressmaking

Those who have not yet engaged their time will find an advantage to do so early, so that the gown or waist may be ready when wanted.

The numerous new French designs are being shown and we are booking many orders.

We anticipate still greater success for this department under Mme. Pauline's management.

Mr. Recchia still remains invincible as ladies tailor—he also has many orders ahead, but can still promise a few quite early deliveries.

fashionable garments

for women's and girls' Fall and Winter wear have reached a point of excellence far beyond what one expects to find ready-to-wear.

The collection now here for your consideration and approval is immense in its unexampled variety.

Newest Suits, Skirts, Coats, Capes and Long Rain Garments.

We hope for an opportunity to prove that this store is doing that business to your greatest satisfaction.

SPECIAL NOTICE To All Who Are Going to Attend
WEISSER'S IMMENSE SALE
LADIES' SUITS AND JACKETS...

It will do no good to come before to-morrow (Tuesday). Please bear this in mind. We want to give all the same opportunity to secure these goods. We can't get ready before Tuesday, so ask everybody to remember that this sale won't start till 9 o'clock to-morrow morning.

JUST ONE DAY OF MIGHTY VALUES.

In devoting Tuesday only to this gigantic sale we are giving it all the time necessary to dispose of these goods. WE MUST sell them, and prices are cut to a point which causes the word "bargain" to appear inadequate. You had better judge for yourself just what savings are to be effected. Read, and come!

Twenty Ladies' Suits
(no more), which have been selling at from $7.00 to $10.00, are cut down in price to almost nothing. Why? Simply because they are last season's goods. We tell the truth regarding them. Do you want one? Here they are for Tuesday only; any in the lot for
$2.90

Forty Ladies' Suits
(no more), which have been sold as high as $15.00, and are now reduced because they are last season's goods, but none the less valuable on that account. Take the handsomest in the lot Tuesday for
$4.90

Fall Weight Jackets Worth $5, at
$1.90
The reason for this awful slaughter is—these are last spring's Jackets. But what difference should that make to you? They are just right in weight for fall. Only forty-five in the lot, however; therefore make up your mind quickly if you want one.

SILK WAISTS, WORTH AS HIGH AS $15, GOING AT
$3.90
Why? Because they have been in stock since Spring. But they are as good for this time of year as if just made. All are of fine quality—black and colors. We say SOME are worth $15, but not all, although all are unheard-of bargains.

CHILDREN'S ALL-WOOL CLOTH CAPES, WORTH $3.50, AT
90c
Exactly one hundred and twenty in the lot. Various colors—a surprise of surprises.

Fall Weight Jackets, Worth $10, at..... $4.90
Just seventy in this lot. Take warning! They will be gobbled up early in the day—people won't be able to resist them. Nothing wrong with these goods—they are just right for wearing now.

Imported Jackets, Worth $18 to $25, at.. $7.90
No use describing these in detail. The lot is not large, but it is so wonderful that you are sure to see a swarm of ladies around this pile early in the morning. Don't hesitate—time is precious.

Ladies' Skirts, Worth $5 to $7.50, at.. $1.90
Reduced to this ridiculous price because last season's goods. But this fact won't deter any sensible woman from saving so snug a sum of money on a good skirt. Only seventy-five Skirts at $1.90.

RUPTURE

It has been demonstrated thousands and thousands of times, by results that have astonished the world, that my Electro Chemic Method effects genuine, permanent cures of Rupture without pain, danger, cutting or detention from business. Any patient that I ever treated will tell you that I cure permanently, the way that leaves the patient as sound as any man that was never ruptured.

Dear Dr. Wix: Sept. 7, 1901.
"I was ruptured for 33 years and suffered continually, when I called to see you. I placed myself under your Electro Chemic Treatment and was permanently cured. I have now been well for 18 months. It will always give me pleasure to recommend any of my friends who may be ruptured to take your treatment, for I know you can cure them.
Yours truly, S. A. BAYARD,
501 Patterson Ave., McKeesport, Pa.

VARICOCELE
No person suffering with Varicocele can afford to delay investigating into the merits of My Electro Chemic Method. I completely conquer all associate or NERVO VITAL DISEASES.

HYDROCELE
My Electro Chemic Method renders the worst forms of Hydrocele curable. I hold that to operate for Hydrocele is uncalled for at this late day. You cannot see the cures I have effected without being convinced that the treatment is all that I claim for it.

PILES AND FISTULA.
The number of cures of Piles, Rectal Diseases, Fistula, etc., effected through my Electro Chemic Method are proof which no one suffering from these diseases can afford to disregard. There is no cutting, danger, pain, anaesthetics, or detention from daily duties.
Satisfactory arrangements can be made for credit. Only a reasonable charge for services. No charge for consultation and examination. Booklet mailed free. Please state whether you desire the one on Rupture and Hydrocele, Varicocele or on Piles and Fistula.

TO START AGAIN IN PITTSBURGH

Scott McKeown and His Beautiful Wife to Spend Their Honeymoon Here.

SPECTACULAR CAREER IN THE WEST

Son of the Millionaire Oil Man After Dissipating His Fortune Will Go to Work for a Living and Be Remarried.

Pittsburgh soon will be the scene of a romantic honeymoon. Dorothy Studebaker, the beautiful, and Scott McKeown, the good fellow, son of the deceased millionaire oil producer of Washington, Pa., will be reunited in wedlock after months of separation and divorce.

Marriage with them once looked like failure, but they have determined to be-

MRS. SCOTT M'KEOWN,
Formerly Dorothy Studebaker.

gin all over again, and here they will make their future home.

Less than two years ago they were married in California. The bridegroom then was 22 years of age. A fortune left him by his father, John McKeown, had been spent in a marvelously short space of time. Scott McKeown had been too liberal.

He had traveled two years in the west and had entertained with a prodigal hand. His marriage was followed by a honeymoon jaunt to the east that was like a royal pagent. But the period of his married life was brief. There was a quarrel and the young people separated. Mrs. McKeown was the daughter of Clem Studebaker, the wagon manufacturer of South Bend, Ind. She turned her talents to the stage, and her debut in vaudeville was advertised through the length and breadth of the land. Her husband was living on a comparatively small annuity from his father's estate. While still upon the stage Mrs. McKeown entered proceedings for divorce in a western court, and a decree in her favor was granted upon the grounds of non-support.

The young husband remained in California and a few weeks ago casually met his former wife. Her radient beauty renewed its fascination upon him. The good-willed generosity of the former husband again appealed to the quick impulses of the young actress. There was a second courtship, and it resulted in subsequent meetings, in a second engagement in marriage. They met in the Palace hotel in San Francisco and arranged for their second wedding and their second honeymoon, which will be spent in Pittsburgh.

Mr. McKeown is now en route to the east. His wife says they will make their home here and that her ex-husband had secured a lucrative position in this city.

The announcement of a second marriage created great surprise in Washington, Pa., where the twice-blessed lover was reared from his boyhood. Members of his family there profess to know little or his plans, and the particulars of the second marriage is part of the secret of the couple. The wedding, according to the wife's announcement, will take place within a few weeks, and they will come to Pittsburgh at once.

Scott McKeown was a favorite son. His father had made a fortune in the oil fields at Bradford, Pa., and when oil was discovered in Washington county he was among the first operators there. Of four sons, Scott was the youngest. Before he attained his majority his father died in 1897. One million dollars was left him in trust until he would become of age. He spent his money with a ready hand. Among local tailors, haberdashers and merchants of every sort he was a star patron. His bills amounteld to hundreds of dollars in a month.

He went to the Chambersburg academy and entertained his classmen in a manner that befitted a prince. One supper alone cost $200.

While he was in the west some of his friends wanted to go east, and the millionaire chartered a special train of palace cars and carried the entire party to New York free of all expense to his guests. This cost him $50,000, it is said.

Sharpers and confidence men did not ignore him, and it is said that the bulk of the fortune was lost in a bogus gold mine company in which he was induced to buy stock.

Mrs. Scott McKeown is famous for her beauty. She is a blonde, tall and statuesque. Her dimpled cheeks and high-arched eyebrows are striking features, displayed beneath a wealth of light hair that crowns her stately poised head. She is endowed with a magnificent figure, and was a favorite during her stage career.

Meeting to Organize.

A meeting will be held this evening in the lecture room of the First Methodist Protestant church, Union avenue, Allegheny, for the purpose of organizing a choral society. This is the outcome of the Allegheny Musical association, which disbanded last year from lack of support. The committee, consisting of Miss Emma E. White, Miss Stella M. Bauer, F. W. Hall, William Rentsch and George L. Lagerg, has been endeavoring to enlist general interest in the plan of organization and a couple of weeks ago sent out the announcements calling the meeting tonight. The plan proposed is similar to that of the old Allegheny Musical association. It is proposed to have a chorus of not less than 100 voices, the chorus to be sustained by the fees of the individual members, the amount proposed being $3 each for the entire season, this to include the music. W. A. Lafferty was the director of the old association and can be secured to direct the new. A central location will be secured for rehearsal and the study of part-songs and high-class music will be taken up.

Ready for the Fall Business.

The advertisement on page 5 announces our Fall Opening, the result of months of careful planning of judicious buying by the heads of our many departments. But the result of all these efforts is gratifying to us and will certainly prove interesting to all visitors at The People's Store. We have been over 30 years in business, yet in all the firm's history we believe this season's display to be the choicest and best.

We might write pages about the different departments and their new stocks and delights, but you must see them for their variety and beauty. We ask you to read the ad. carefully and then come and spend some time looking through our store whether you intend to buy now or not. You will be time and money and profitably spent, and will give you the only proper idea as to the magnitude of this store and its displays.

The Kind You Have Always Bought

PITTSBURGH will have a good many representatives at the reception and ball which Gen. Charles Miller gives at the Nursery club in Franklin, Pa., to-morrow evening in honor of Gov. William A. Stone and his staff. Col. A. J. Logan of the Schenley and Col. Frank K. Patterson of Baum street, inspector general of rifle practice, are local men who are on the governor's staff, and will be accompanied to Franklin by Mrs. Logan and Mrs. Patterson. Mr. and Mrs. Stephen A. Stone of Shadyside also will be members of the governor's party. Other Pittsburgh men whose wives will accompany them to Franklin to-morrow are Maj. Lewis Anshutz of Stratford avenue, East End, brigadier quartermaster and a member of Gen. Wiley's staff; Capt. A. E. Henderson of the Eighteenth regiment, and Adjt. C. Warren Wattles of Walnut street, East End, Eighteenth regiment. Others who will be in Franklin are Col. F. I. Rutledge and Lieut. Col. J. Conrad Kay of the Eighteenth regiment; Col. W. E. Thompson and Lieut. Col. J. Harry Corbet of the Fourteenth regiment; Maj. R. W. A. Simmons, Eighteenth regiment; Maj. Harry E. Fowler of the Fourteenth, and Capt. W. C. Wallace of Battery B. Col. John P. Penney, division inspector, is a member of Gen. Miller's staff. A prominent figure at the reception will be Mrs. Charles P. Miller, Jr., wife of Mayor Miller of Franklin, son of the general, said to be the youngest mayor in the state if not in the north. Mrs. Miller was the belle of the military ball given a year ago at the Hotel Schenley, which was attended by Gen. Charles P. Miller and his staff.

A Wedding This Week.

Very quietly and with few attending guests Miss Elizabeth G. Briggs, daughter of Mrs. Charles Calvin Briggs of North Craig street, will be married to John W. Chalfant, Jr. The marriage will be solemnized on Wednesday at noon in Trinity Protestant Episcopal church, the rector, the Rev. Alfred W. Arundel, officiating. The wedding will be quiet, only verbal invitations having been issued because of the death only a few weeks ago of the bride's father, Charles C. Briggs. Miss Briggs will be attended by her two sisters, Miss Helen Briggs and Miss Marguerite Briggs, and her brother, John Gerry Briggs, will give her away. Charles C. Chalfant, a cousin of the bridegroom, will be the best man, and there will be four ushers, Preston Schoyer, Ralph Lonenecker, William Coster and Charles C. Briggs, Jr.

Saturday's Golf Games.

Two championship golf matches of the Western Pennsylvania association were decided on Saturday. The Highland team decisively defeated Westmoreland on the latter's course at Logans Ferry by a score of 38 to 0, while the Edgeworth club of Sewickley won from the Pittsburgh Golf club at Schenley by a score of 11 to 10.

The 18-hole handicap on the Schenley course for the cup offered by J. C. Thaw was won by J. McK. Speer with a score 79 net from a handicap of 2.

TWELVE PAGES

The Republican Mass Meeting.

The harmonious tone and animated spirit of the mass meeting at Old City Hall Saturday night shows that whatever be the internal feuds of the Republican party of Allegheny county it presents a solid front to the Democratic party in its proper person or under any reform mask which may be assumed. The speeches of Gov. Stone, Recorder Brown and ex-City Attorney Dalzell were all vigorous expositions of Republican doctrine and aggressive declarations of Republican party principle. The speakers received a cordial greeting from the large audience and their addresses inspired enthusiasm in support of the party ticket.

Gov. Stone's defense of the Republican administration of state affairs was sound and unanswerable. He laid down a correct doctrine in holding that a party is to be judged by its record and not by what may be said about the motives and intentions of individual members of the party. The work of the legislature is to be judged not by the calumnies circulated about its behavior, but by its acts, and the volume of laws of 1901 is a conclusive answer to the denunciations aimed at Republican party management. The laws show a series of enactments marked by careful consideration of public interests, and the record is able to sustain comparison with that of any other legislative session. Party management, like business management, should be judged by results. The prying of scandal-mongers into the affairs of the personnel of any large business concern could accumulate matter for railing and invective, but it would not receive any consideration. A party of reformers who should go before a board of directors with scandalous gossip about the walk and conversation of persons connected with the concern would be received with astonishment and disgust. The only matter that would be considered pertinent would be that concerning business results, and if those were satisfactory the idea of changing the management because of instances of misconduct and impropriety among employes of the concern would be treated with derision.

There is no older political trick than the effort to work up hatred against party management upon personal grounds, but the true issue is not whether bad men are connected with the administration, but whether results are satisfactory and whether a change of administration would accomplish any better results. As a matter of fact, the scandals which collect about party management are not due to the operation of party control, but to defects of party control. Periods of weakened party responsibility and prevalence of reform activity are periods of loose and corrupt administration. It is a proof of the real moral soundness of the Republican party organization that assailed foes within and without, deprived of the corrective restraint of a regular opposition, and beset by the seductions and importunities of cranky reformers, it has managed to accomplish so much good work, constituting a solid record of achievement upon which it may with confidence ask the verdict of the people.

Favors National Irrigation.

It is announced from Washington by those who profess to enjoy the confidence of President Roosevelt that his first message to congress will contain a strong recommendation for national aid in the irrigation of arid lands in the west and to this end will urge a large appropriation for the purpose. Whether President Roosevelt has actually announced his views to this effect or whether judgment has been formed as to what he will do upon the knowledge of his long standing interest in the question of national irrigation will only be determined when the yet unwritten message is made public. The question of national aid in the fertilization of the large areas of arid land in the west has become one of immediate and pressing importance. It is claimed by the friends of the movement to secure a national appropriation for the purpose that the development of the arid west by means of private capital has practically reached its limits. There yet remains 71,000,000 acres of irrigable arid land in the west, and of this vast territory the government owns nearly two-thirds. The great drought of the past season adds weight to the arguments that are being used in favor of government appropriation, and the friends of the measure further point to the provision that could thus be made for homes for thousands of settlers who by their industry and thrift would make useless and barren tracts of the national domain blossom like the rose. Says one of the most ardent of the advocates of national irrigation:

> It is not suggested that the government go into the irrigation business and put water upon land; simply that it build the great dams and the main line canals and let the farmers dig the distributing ditches and do the work which they can do with their hands and their teams after the government has done the work which requires large capital.

Over against these arguments in favor of national aid in reclaiming the arid lands of the west is the objection based upon the idea of giving land owners and future purchasers something for nothing, and putting upon the taxpayers of the whole country the burden of enriching a few. It is argued that if $50 an acre, and often more, is to be added to the value of the land, there is no reason why it should be done as a free gift.

In view of these diverse views it is interesting to learn that President Roosevelt contemplates making a recommendation to congress favorable to the fortilization of our waste lands at government expense. It will place the whole question of irrigation before the public in such light that its importance may be discovered and the objections to it rationally discussed. The reclamation of arid America would mean a new west, with new possibilities of expansion and growth and it would have a reflex effect upon the east almost as great.

Launch of the Cleveland.

There were several interesting features connected with the successful launching of the cruiser Cleveland at Bath, Me., on Saturday last which make the event of special importance in the naval history of the country. In the first place, the Cleveland is the first of the new series of boats of this class to be launched. There are six other vessels of like build and equipment in course of construction. Then, too, the Cleveland is to exemplify the theory of the naval experts that radius of action is more desirable in a vessel of this class than speed. In other words, the new cruiser is to be a "stayer" rather than a "runner." While her maximum speed is not designed to be over 16½ knots an hour, it is claimed that at her lowest speed rate of 10 knots the vessel can steam 9,800 miles on her coal capacity. This will enable the new fighter to remain in action for an unprecedentedly long time for vessels of her class.

In defensive and offensive equipment the Cleveland is thoroughly up to date and will carry for her main battery 10 5-inch 50-caliber breech-loading rifles, and her auxillary battery will consist of eight 6-pounders, two 2-pounders and four Colt machine guns. The inaugural plunge of the new boat was happily consummated, the city of Cleveland, O., for which the boat was named, being largely represented at the launching. Miss Ruth Hanna, daughter of Senator Hanna, gracefully christened this newest addition to Uncle Sam's navy and one that stands as the representative of all that is best in modern naval construction.

To Be Sternly Discouraged.

Alleged interviews with Czolgosz, the assassin, said to have been obtained prior to his incarceration in the government prison at Sing Sing, are multiplying in number and increasing in offensive and foolish sensationalism. One imaginative reporter even goes so far as to publish the results of his effort to secure from the assassin a word of counsel and advice to his fellow anarchists on the outside relative to the dangers of assassination. This sort of maudlin exaggeration should be promptly suppressed. It is in every instance the offspring of a highly colored imagination and its republication throughout the country is not only in the worst possible taste, but it is lending aid and countenance to the "fake" news promoters.

The trial of the slayer of the president was conducted with remarkable good sense and celerity. There has so far been a gratifying absence of any of the sensational features that only give further cheap notoriety to the half-baked intellects that preach anarchy. The miserable wretch who committed the dead is now safely landed under the shadow of the electric chair, and should not be allowed further discussion except in so far as his deed may be a part of legitimate comment. The writer of maudlin interviews that never took place should be suppressed.

Strenuous Higher Education.

Higher education is making a lively start this year. There is always more or less strenuousness at the universities to mark the beginning of the college term, but this year there seems to be more than usual. The sophomores, feeling in duty bound to make the freshmen understand that they have no rights which upper classmen are bound to respect, have been impressing this great fundamental principle on the new comers in several institutions.

In our own local university there was a liberal use of flour-bags as missiles, intermixed with hymn books and other volumes, but this was nothing compared with the doings at the Washington and Lee university, Lexington, Va. Here the freshmen had the temerity to hang their class banner from the statue of the father of his country, which surmounts the cupola. This action made the roof the field of battle, and hostilities continued several days. The operations consisted in storming the several floors of the building, cutting holes through the roof, and attacking and defending the several points of vantage. The sophomores soon obtained the upper hand, and they clubbed the storming freshmen unmercifully. They were knocked down one by one as they reached the top of the storming ladders, and several were rendered unconscious. The severest battle took place just before daylight, after the sophs had guarded the roof for several days.

Fearing that some of the victims would be killed, a truce was called finally, and the unspent energies of the two classes were devoted to painting Washington's statue in brilliant colors, his sword resembling a barber pole when the work was finished.

Oh, yes, the cause of higher education is moving forward with giant strides in this first year of the twentieth century!

America's Industrial Leadership.

The address of Joseph Lawrence, member of parliament, before the Newport chamber of commerce, contained some facts which must have been of great interest to the Englishmen present, because they explained, in the most forcible manner possible, how the United States forged to the very head of the industrial procession and how this country maintains its lead. Mr. Lawrence had Mr. Schwab as authority for his statements, and he obtained them at first hands. There would seem to be but little chance for English iron and steelmasters ever to regain the supremacy they once enjoyed, when the United States Steel Corporation can deliver steel billets in England at a price $2 50 a ton lower than the lowest at which British manufacturers can make them. That is the present situation, and the disparity will be still more marked with the completion of ocean transportation facilities now in process of arrangement.

Another point was called to Mr. Lawrence's attention by Mr. Schwab. While American steel makers are underselling English manufacturers in the British market, they are paying their workmen twice as much as British workmen in the same line receive. The rewards of the business do not go to the capitalists alone; the workmen share them. This is an addition bulwark to America's industrial leadership, for labor is not made to suffer in the efforts to reduce cost of production.

Attention has been called to the fact that the presidential cabinet is made up of men with one syllable names. When it comes to mental equipment, however, the double barreled rule is largely in evidence.

If all the measures that have been proposed for the suppression of anarchy find their way into congress that body will have to extend its working hours in order to get through before its successor is due.

Vesuvius has selected a rather unfortunate time to attempt to get into public notice. The world is too busy to pay much attention to so small a thing as the eruption of a volcano.

Lord Kitchener's scheme to deport the rebellious Boers lacks one important element of success. The Boers positively refuse to be deported.

The Hon. Bob Pattison talks like a man who fully realizes that somebody is going to find a gold brick in his satchel when the votes are counted.

PERSONAL.

"If bills for the extension of reciprocity are introduced at the coming session of congress there will be a great deal of work before the ways and means committee," said Chaster I. Long, representative from the Seventh congressional district of Kansas and a member of the committee. "It seems very probable that this policy will be carried farther now than at any past time. The speech of Mr. McKinley the day before he was shot, followed by President Roosevelt's declaration that he is thoroughly in accord with the policies McKinley had outlined, would signify this. Of course methods of providing the wherewithal to meet the expenses of the country must be found. If the tariff revision comes now, it will require the discovery of new methods of raising the money." A fellow passenger with Representative Long was R. W. Patterson, editor of the Chicago Tribune.

"Iowa is confidently expected to roll up for A. B. Cummings, the candidate for governor, the largest Republican majority in the state's history," said G. B. Quay, treasurer of a Des Moines life insurance company. "Mr. Cummings is very popular. He has never been an office-holder, although he has worked hard for the party for many years. There are two senators to be elected at the coming session of the state legislature. It is granted by all that both the present senators, Dolliver and Allison, will be re-elected. Senator Allison will then receive his sixth consecutive election to the senate. If he lives to complete the term he will have broken all records for length of service in the senate.

"If Prince Chun, brother of the emperor of China, comes to Pittsburgh, there will be among the Chinese a fitting celebration of the visit beyond a doubt," said S. J. Hutchinson, ticket agent at the Baltimore & Ohio depot. Mr. Hutchinson is considered by the local Chinese one of their best friends and is thoroughly in touch with their doings. "As yet no official word of his coming has been received here," he says. "The festivities for such an occasion would be much the same as those in honor of Wu Ting Fang a year ago. There would be fireworks in abundance, a reception to the prince, and Chinese flags would be displayed on all Chinese places of business. There are only a few such flags in Pittsburgh, but a supply could be obtained from New York or San Francisco. I saw a copy of a Chinese paper yesterday containing an account of the shooting of President McKinley. The paper was printed in San Francisco and contained half-tone engravings of McKinley, Roosevelt and Czolgosz."

"Despite all the tin-horn celebrations, Philadelphians in general know the real status of the 'Union' party and to-day the regular organization in that city is stronger than ever before," said Select Councilman Samuel W. Salus of Philadelphia, who was a passenger for his home last evening after a trip in the west.

Arthur St. Leger Mosse, the famous football guard, is at the Monongahela. He comes here to join the Homestead Library Athletic club. Mosse made his reputation at the University of Kansas. His home is at San Francisco, N. M.

S. H. Waddell of the Union Steel Company left for Chicago last evening on the Pennsylvania limited.

Neighbors Visiting Pittsburgh.

Among the guests last evening at local hotels from nearby towns and adjacent states were the following:

Lincoln—Mrs. R. P. Parker, Oil City; Mrs. L. W. Merden, Meadville.

Newell's—W. J. Nelson, Parkersburg, W. Va.; John R. Reed, Canton.

Duquesne—M. Helen Lambert and Annie M. Moran, Uniontown; E. E. Davidson and wife, Indiana; A. E. Turner and wife, Waynesburg; J. H. Pressley, Warren, Pa.; Enos L. Moore, Portsmouth, O.

Henry—S. Glasgon, Altoona; D. Brown and wife, Wheeling, W. Va.; George W. Roger, Fairmont, W. Va.; L. J. Peabody and Miss Lillie Maxwell, Morgantown, W. Va.; D. L. Moorhead, Indiana; R. L. Crawford, Waynesburg.

Griswold—Thomas H. Faris, Wheeling, W. Va.; A. K. Smith and A. Christy, Morgantown, W. Va.; T. M. Ingraham, Carmichaels; M. S. Bush, Asburn, W. Va.; M. Bostaff, Beech Haven, W. Va.

Monongahela—W. P. Cole, Marietta, O.; Ruth E. Leavitt, New Wilmington; George E. Lockhard, Washington; C. T. Updegraf and W. R. White, Wheeling, W. Va.

Victoria—S. S. Meek, Coshocton, O.

NEW YORK NOTE BOOK

Nothing But Nautical Lingo Heard in the City, and on Sunday at That. The Topic Will Be Uppermost Until Cup Is Settled.

Commercial Gazette Bureau,
No. 66 Tribune Building,
NEW YORK, Sept. 29.

Whether it is quite the proper thing to discuss a sporting matter on Sunday is a question that must be left to individual taste. The yacht race has been so generally the subject of conversation here all day and evening that evidently most New Yorkers think it a fair Sunday topic, even though they may have attended church in the morning with due decorum. It was such a near thing yesterday that persons interested in the race may well be pardoned for talking about it continually today. Sir Thomas Lipton has entertained friends all day and has repeatedly expressed his hope that Shamrock II. can overcome the trifling time by which she was beaten in the first race. He is as confident of lifting the cup as ever he was, and there are many loyal Americans here who are disposed to lean toward his view. The narrow escape of the Erin from destruction in a collision, and the slamming together of the yacht Nourmahal, owned by John Jacob Astor, with another craft, were subjects of regret, but as no one was hurt, the principal remark was that the boats were all so well handled as to reduce the danger to the minimum. Yacht racing is the main interest of New York just now. It is of little use for anyone in a mixed company to talk about anything else, because he will find himself hopelessly shut out. Until Sir Thomas either lifts the cup, or is convinced that he cannot do so this time, the nautical spirit will prevail in the metropolis, and we may as well make the best of it.

Money Makes Any Trip Easy.

Miss Theodore K. Elwell, daughter of a New York contractor, took a lots of trouble to prove the truth of something that nobody doubted. She advanced the proposition that a woman could encircle the globe without being seriously molested. It was not enough for her that a great many women had accomplished the feat without thinking much about it. She wanted to do it herself. She did it. She reached New York yesterday on the Campania, with the record of having circumnavigated the globe without a chaperon, but—with plenty of money. A woman could almost go to Mars and back under those conditions.

Acorns Not Likely to Sprout.

The new political party in New York, the "Acorns," talk about nominating their own candidates for municipal offices, including the mayoralty. No one so far has taken the "Acorns" seriously, if we except the persons who have enrolled themselves in its membership. Their motto, for which they have borrowed an old axiom, is that "Great oaks from little acorns grow," and it has been the custom of officers of the order to stand in busy quarters of the city, holding a flaring banner on which these words are inscribed in gilt letters. Whether the Acorns will be a factor in the approaching campaign will depend on whether they indorse the candidates of one regular party or another. They seem not to be strong enough to stand on their own base, if they expect to take any part in the government of Greater New York, as they say they do.

Accident to a Pittsburgher.

Lester Wilson, the Pittsburgh professional bicyclist, has been showing a trick or two to all his rivals in this city lately. In a professional ten-mile lap race at Madison Square garden last Wednesday night the dashing Pittsburgher accomplished a feat never before equalled in a similar contest. By the terms of the race the rider who was leading at the end of each lap was awarded a special prize. At the start of the race Wilson sprinted and ran away from his competitors, gain a lap on them, and then riding with them and winning all the special prizes. On the last mile he fell on the steep and treacherous banking of the track, thus losing the race. This was unfortunate, as he deserved better luck. This winning of the special prizes was especially well received, and the sympathy of the spectators with him was shown by his being cheered with tumultuous heartiness.

Funeral of the Rev. George D. Purves.

Among the Pittsburghers present at the funeral services of the Rev. George D. Purves, D. D., in the Fifth Avenue Presbyterian church in this city yesterday, were the Rev. Maitland Alexander of Dr. Purves' old church in Pittsburgh, the First Presbyterian, and James Laughlin. Before the remains were interred in Princeton cemetery this afternoon services were held in the First Presbyterian church of Princeton. Dr. Purves was exceedingly popular in the university town, where he seemed to enter into the youthful spirit of the college men with a sincerity that was the surest passport to their affection. The grief over the death of this very human pastor is as deep in Princeton as in New York and Pittsburgh.

Croker Stands Up for Devery.

That Richard Croker has not dropped Chief Devery from his list of loyal and favored subjects is shown by the way he spoke of the big policeman to a delegation of "Chicago platform Democrats" that called on him yesterday. He said that "Devery is a much-abused man," and added that "New York's opinion of him will be much improved before this campaign is over." Utterances by the Tammany boss are delivered always with so much impressiveness that they seem to be inspired by a wisdom that cannot be tripped up; and yet it is boldly declared that if Croker were not convinced that his indorsement of Devery is necessary to keep a powerful ally on his side when the campaign opens, he would drop Devery like a hot potato.

A Hard Nut for Tammany.

Police Commissioner Murphy probably is worried over Devery more than anyone else. Devery has been indicted on a charge of improper official behavior, and there is a feeling among some persons that Commissioner Murphy should drop his deputy commissioner from his salary list and deprive him of all official duties at the same time. Murphy does not like to go to extremes, and he asked the corporation counsel, himself a good Tammany man, what should be done. The corporation counsel, Whalen, has answered Commissioner Murphy that he (Murphy) has full power to remove Deputy Commissioner Devery if he desires to do so. This does not help Commissioner Murphy particularly, for he would dislike to remove Devery as much as would Crocker himself. Devery is, indeed, the hard nut for Tammany to crack this fall, and he keeps on smiling innocently as if he did not even suspect it.

Strenuous Life for Singers.

David Bispham, that perennial favorite of Pittsburgh music lovers, is off to Europe again. He sailed on the Etruria yesterday for Liverpool, although he arrived in New York from London only two weeks ago. He is going to sing at the annual festival at Leeds and will stay such a short time on the other side that he expects to return on the Etruria when she makes her next westward trip. That means that he will be in England considerably less than a week." He will join the Grau grand opera company in Louisville. He came here this time for the express purpose of singing at the festival at Worcester, Mass. There was no use in taking his baggage up-town, in the opinion of his valet, when he arrived on the Campania two weeks ago, when he intended to go away on another Cunarder so soon. Therefore the singer's effects were kept on the pier and merely transferred from one steamer to another. From all of which it may be seen that some of Grau's singers, at least, live the strenuous life.

College Boys in Town.

That the football matches and horse show are approaching is evidenced in many ways. One of the most unmistakable and at the same time pleasant signs is the influx of college men. One may see groups of them every afternoon and particularly every night, in upper Broadway. They come in from New Haven, Princeton, Philadelphia, Ithaca and dozens of less important university centers, and they give themselves up entirely to the joy of living while here. They patronize the theaters, and many of them gather in the popular restaurants after the play. They went to the yacht race yesterday en masse, and they will be at all the other meetings of the Shamrock and Columbia. They know the latest wrinkle in sailing a 90-footer, and they can tell you the family history of half the prominent comedians and soubrettes playing in the Broadway theaters. A jolly, happy-go-lucky, healthy crowd are the college boys, and this old town would be pretty dull without them—in upper Broadway, at night particularly.

Lamont's Modest Mansion Plans.

Col. Daniel S. Lamont, who was a newspaper man once on a time, before he became President Grover Cleveland's private secretary and afterward secretary of war, is about to build himself a residence in New York. It will be a model little nest, costing only $25,000, but it will be comfortable and convenient. His architects have just filed the plans, which show that the house will be four stories in height, situated at 19 West Fifty-fifth street. As the cross-town numbers begin at Fifth avenue, running east and west, No. 19 must be only nine doors from Fifth avenue, and hence in a swell neighborhood. Dan has managed to acquire a great deal of money since he left the cabinet, and an investment of $25,000 is no more to him than it would be to that king of high livers, by his own account, James J. Corbett.

LEHIGH VALLEY BEER TRUST.

Own All Breweries and Nearly All Hotels and Saloons.

PHILADELPHIA, PA., Sept. 29.—(Special.)—All the breweries in the Lehigh valley outside of Easton have been combined under the control of one corporation, which also owns or controls 90 hotels and 90 per cent of all the licensed saloons from Bethlehem to White Haven.

This corporation has just been organized under the New Jersey law, with the title of the Lehigh Valley Brewing Company. The capital will be $4,000,000. There will be $1,500,000 bonds. The incorporators are Norman Grey, Henry L. Chew and Wilfred B. Wolcott, all of Camden.

THE DEATH ROLL.

Dr. Alonzo Linn.

WASHINGTON, PA., Sept. 29.—Dr. Alonzo Linn, the venerable professor of Greek in Washington and Jefferson college, died yesterday, aged 74 years. He was born in Butler, a son of Dr. George Linn. Dr. Linn was graduated at Jefferson college, Canonsburg, in 1843, and from the Western seminary, Allegheny, in 1854, and was licensed by the presbytery of Radstone. After a year or two at Lafayette college as teacher of mathematics, and a term at the head of an academy at New Brunswick, N. J., he was given the chair of ancient languages at Jefferson college, where he remained from 1857 until the college was united to Washington college in 1867, and then came with it to Washington, where he has lived ever since, having been vice president of the college since 1870. His widow and four sons survive. The latter are George, druggist at Monongahela; A. M. and Harry of Washington, and Frank of Monongahela.

John K. Patterson.

ALTOONA, PA., Sept. 29.—(Special.)—The Hon. John K. Patterson, one of the most active Republican leaders in this section, died at his home here to-day from gastric fever, aged 44 years. He was a member of Blair county bar. He was married to Miss Margaret Hagerty, of this city, October 22, 1890, and during that year he was elected delegate to Republican state convention and afterward served for two years as president of the select branch. Altoona city councils, and as member of the state legislature in 1898. He was a member of Porter lodge, Free and Accepted Masons, of Hollidaysburg. Besides a widow he leaves two children.

Mrs. Anna Elizabeth Wainwright.

Mrs. Anna Elizabeth Wainwright, aged 57, died at 5:15 yesterday morning at her residence, 526 North Highland avenue. Mrs. Wainwright came to America when a child, with her parents from Germany. The family settled in the Lawrenceville district, where they lived many years. She was married to Joseph Z. Wainwright of the firm of Z. Wainright & Co., in 1867. Beside her husband she is survived by one son and three daughters. The children are J. H., Hattie E. Wainwright, Mrs. Grace Elizabeth Voight and Mrs. Nettie A. Reidal.

J. D. Armstrong.

BROWNSVILLE, PA., Sept. 29.—(Special.)—J. D. Armstrong died to-day after ten days' illness, aged 64 years. He was one of Brownsville's prominent merchants. Mr. Armstrong was one of the oldest members of the Cumberland Presbyterian church and served as elder since 1862. He is survived by his widow and two children, John C. of New Brighton, Pa., and Mrs. T. W. Galloway of Marshall, Mo.

John H. Wells.

CANTON, O., Sept. 29.—(Special.)—John H. Wells, one of the superintendents of the Aultman Company for many years, died suddenly to-day from neuralgia of the heart.

Obituary Notes.

"Jack" Haverly, the former minstrel leader, is dead in Salt Lake City, Utah.

Dr. John A. Peters of the Heidelberg university died Saturday at Tiffin, O., aged 76.

Mrs. Richard Bow, 55 years of age, is dead at her home, 603 Shaw avenue, McKeesport.

George Sneeden, 54 years of age, is dead at his home, 24 Industry street. He leaves three sons and three daughters.

Mrs. Mary W. Sell, 70 years old, is dead at the home of her son, H. M. Sell, 82 South Fourteenth street. Four sons survive.

Louis J. Miller, 41 years old, assessor of the Eleventh ward, is dead at his home, 505 Wylie avenue. He leaves a wife and four children.

Mrs. Mary McAtee, aged 55, wife of Joseph McAtee, engineer at the National Tube works, McKeesport, died yesterday at her home in Spring street, McKeesport.

Mrs. Rebecca Snowden, 75 years of age, died yesterday at the Grand Army home for women at Hawkins. She was from Brownsville, and has been in the home five years.

J. L. Purviance is dead at Petersville, Butler county, Pa. He was the first burgess of that town and had been in business there 25 years. He is survived by a widow.

The Rev. William C. Gray, editor of the Interior, a Presbyterian publication of the Presbyterian church, died yesterday, at his home, at Oak Park, Chicago, in his 70th year.

Mrs. Catherine B. Morell, nee Mary Christia Reigler, died suddenly at her home, Walnut and Shady avenues, Saturday morning. The funeral will take place to-day from the residence at 2:30 o'clock.

Benjamin Morgan died yesterday at the home of his son-in-law, George B. Williams, 702 Hamilton avenue. Mr. Morgan was born in South Wales 86 years ago, and came to this country 30 years ago. He is survived by two sons, David and Thomas, and one daughter, Mrs. Annie Williams.

William Buchanan, aged 75, of Homer City, Indiana county, died at McKeesport of disease contracted during the civil war. He is survived by a wife at Homer City, and the following children: John of McKeesport, who he was visiting when he died; William of Washington, David of Pittsburgh and Joseph of Homer City. He was a member of the G. A. R. and the Baptist church.

CAMPAIGN OPENED WELL.

"The Recorder of No Mean City" Made the Hit of the Meeting in Old City Hall.

There was never a larger or more enthusiastic gathering in Old City hall than on Saturday night, when the Republican campaign was opened. From the calling to order by Temporary Chairman J. O. Brown to the close of the ringing speech by Governor William A. Stone there was unstint enthusiasm and applause. Robert Pitcairn was permanent chairman.

Among those about Governor Stone on the stage were County Chairman A. C. Robertson, Fred W. Edwards, Robert Ostermaier, the Hon. W. H. Graham, Director Andrew Fulton, Dr. J. G. McCandless, president of common council; Judge Joseph Cohen, S. P. Connor, collector of delinquent taxes; Superintendent Roger O'Mara, Representative George M. Horsack, Representative W. B. Kirker, Coroner Jesse M. McGeary, Dr. A. J. Barchfield and John F. Cox, candidates for congress in the Thirty-second district; Senator Charles A. Muehlbronner, Assistant District Attorney A. M. Edwards, Postmaster George L. Holliday, Representative Guy P. McCandless, Stephen Stone and the governor's son; Charles M. Daniels and the Hon. T. L. Kennedy of New Brighton; James S. Beacon, former state treasurer, and at present a representative from Westmoreland county and County Commissioner J. Mercer.

After Clarence Burleigh's strong speech calling for concerted action on the part of all Republicans, during which he incidentally mentioned "a factional fight," Chairman Pitcairn introduced Recorder A. M. Brown, referring to him "as the recorder of no mean city."

Recorder Brown was greeted with hearty applause. His speech was largely devoted to the record of the party, the demand for men to remain faithful to the party and words of commendation for W. P. Potter, the candidate for the supreme bench.

The recorder's address was decidedly the event of the evening. When he concluded an indorsement for his administration was proposed and was seconded by loud cheering.

Prolonged applause greeted Governor Stone also. His speech was a defense of the Republican party and his own official course. It was well received, bold and vigorous.

NEW LABOR LEAGUE STARTS.

The First Meeting Brings up Contest Over Admission of Knights of Labor.

The new central labor organization to be affiliated with the American Federation of Labor, and to be a rival body to the United Labor league of Western Pennsylvania, was launched last night in a temporary organization at a meeting in Moorhead hall, Second avenue and Grant street, attended by 66 representatives of Pittsburgh labor unions.

Patrick Dolan, district president of the United Mine Workers, was chosen chairman and George R. Dabney of the printers, secretary. Thomas H. Flynn, district organizer of the Federation of Labor, stated the purpose of the new organization and then the contest started over the evident purpose to exclude Knights of Labor assemblies.

Several of the delegates expressed a purpose to counsel their unions to drop the project. A letter was read from President Gompers and Secretary William Morrisey of the American Federation of Labor, which said definitely that no Knights of Labor organizations could be admitted and all other organizations are eligible, except locals that have seceded from their national or International bodies. The meeting adjourned to the call of a committee on organization.

The United Labor league committee of seven, which is to investigate the charges against Secretary Calvin Wyatt, will meet to-night.

BIG COAL COMBINE.

Clarksburg Fuel Company Controls 15,000 Acres and Has 30,000 More Optioned.

The Clarksburg Fuel Company has been organized by Albert H. Bickmore of the Pittsburgh firm of Barnes, Anderson & Co. It takes over 13 mines in the Clarksburg district in West Virginia, and controls seven other properties, all covering 15,000 acres and estimated to produce 4,000 tons daily.

The new company issues capital stock amounting to $3,000,000 and bonds of half that amount. The directors are James T. Gardiner of New York, president; T. M. Jackson of Clarksburg, vice president; August Belmont, Charles T. Barnett, William T. Baldwin, Jr., Charles W. Young, W. G. Oakman, Charles R. Flint and C. W. Watson.

The company has optioned and expects to ultimately take over 35,000 additional acres of coal land lying between Clarksburg and Grafton.

TO WHEELING BY TROLLEY.

Line to Washington and Line from Wheeling Believed to Be Part of One Plan.

From recent developments it is believed that the new street railway company, organized here a short time ago to connect Pittsburgh and Washington, Pa., by a street car line, is only part of a much more extensive plan. Wheeling capitalists have surveys made for a trolley road from Wheeling to West Alexander, Washington county, and it is believed that eventually the two systems, together with the Washington street railways, will be merged into one, giving trolley connection between Pittsburgh and Wheeling.

Surveys for the line from Pittsburgh to Washington have been made and rights of way secured without trouble. Ordinances granting franchises to the new company will be brought up in the Washington borough council next week, and will probably pass without trouble.

THOUGHT HIS DUTY DONE.

Juror in Criminal Court Failed to Show Up on Saturday to Render a Verdict.

Thomas P. Kelly, a juror serving in criminal court last week, will appear before the court this morning to explain his absence on Saturday. Kelly sat on a jury trying Daniel Burns and Joseph Bresslyn of East Pittsburgh on a charge of assaulting Mary Zoar. The verdict was found Friday night, and the jury, except Kelly, appeared in court Saturday morning to return the verdict, which was not guilty.

Kelly lives at 2403 Fifth avenue, and is a clerk in the Homestead offices of the Carnegie company. He says that when he left the court house Friday evening, he thought the verdict was not to be returned until Monday and being summoned to his office early Saturday morning he obeyed the call.

Alleged Murderer Arrested.

William Davis, a negro, was arrested last night at Homestead by Constable Frank Bell, Chief of Police Wes. Noble and Capt. John Cavanaugh. It is alleged that a year ago Davis killed a section hand on the Norfolk & Western railroad, known as "Bad Eye," at Roanoke, Va. Detective W. T. Baldwin of Roanoke attempted to arrest Davis at Uniontown soon after, but Davis escaped, got into a coal pit, and by his knowledge of the openings, succeeded in getting away. It is also alleged that Davis killed his brother at Uniontown, and has served a term in the penitentiary.

Overpowered by Gas.

George L. House, superintendent of bricklayers at the Duquesne Steel works, Duquesne, living in Camp avenue, Braddock, was nearly suffocated on Saturday and lay all day yesterday unconscious, but will recover. One of the stoves of the furnace has been relined and Mr. Camp went into it to inspect the work. It is about 90 feet deep. He was missed by his men and one of them found him unconscious from furnace gas.

Oldest Employe Killed.

George Young of 506 Fifth avenue, Homestead, 59 years of age, the oldest employe in point of service in the converting plant of the Homestead steel works, was crushed to death last night at 9 o'clock by a mould falling upon him.

Nearly All Bones Broken.

Michael Baker of West Homestead, 23 years of age, fell from the electric crane in the 48-inch mill of the Homestead steel works yesterday and broke nearly every bone in his body. He was still living at a late hour last night.

From a High Viewpoint.

It was nip and tuck.
Both yachts are good sailers.
The pennant winners are popular in Pittsburgh.
No; every man with a yachting cap understands the yachting lingo.
The summer cruise of the Pirates will necessitate no court of inquiry to consider their loops.
The brigands who demanded $150,000 as Miss Stone's ransom are not cheap men.
Molineux is to add another trial to his large and interesting collection.
The Fourteenth Infantry selected a moist field day.
Turkish bandits wish to make the kidnaping of missionaries a profitable industry.
The equinoctial rain was several days behind time.
All testimony before the Schley court of inquiry is subject to plenty of correction.
It will be a long time before the new cruiser Cleveland visits the port it was named for.
The football season has rolled into view. Now, look out for a boom in the arnica and bandage market.
When Pat Crowe hears of the ransom that Turkish kidnapers demand, he will feel that the industry in this country is ruined by European pauper labor.

Unpolitical.

"I heard a lively joint debate to-day," said Mr. Squirrel Hill to his wife.
"I don't know that I care to hear about a political discussion," said Mrs. Squirrel Hill.
"This wasn't political."
"What was it?"
"It was a meat buyer in the market disputing with a butcher about the price of a leg of mutton."

Ideal Spot.

Mr. Woodlawn—New York's no place for a yacht race.
Mr. Beechwood—Isn't it?
"No; it should be run at Chicago."
"Why at Chicago?"
"Windy City."

In Yachting Lingo.

"Did I tell you about my experience with a burglar last night?" said Brinton to Braddock.
"No."
"Well, I was going home late when I saw a fellow trying to get into my house by a side door."
"What did you do?"
"I set my club topsail and chased him at the rate of about ten knots an hour, but he showed me a clean pair of heels and got away."
POINT BREEZE.

VETERANS SCOUT THE STORY.

Pittsburgh Soldiers of the Spanish War Do Not Believe Bonuties Can Be Secured.

A dispatch from New York last night announcing that 3,000 veterans of the Spanish-American war from that state had employed counsel to secure a total of $26 bounty said to be due from the state and government combined, under a new interpretation of the statutes, aroused some curiosity among the veterans in Pittsburgh. The New York attorney employed in the case says he will be able to collect $192 from the federal government and $84 from the state, and promises to bring the case before the United States court of claims when it meets in Albany next month. He bases his claim on an old statute, said to have been enacted in 1887 and amended in 1892.

Officers of local regiments that saw active service during 1898 scouted the story last night. They said dozens of Pennsylvania attorneys had scanned the statutes for forgotten laws which might result in an extra allowance for the men, for months following the close of the war, and that every technicality had long since been discussed and tested. Congressman William H. Graham, the Pennsylvania member of the house committee on military affairs, said he knew of no boun

PRICES OF PORK HIGHEST KNOWN

Fears for Corn Crop Caused Early Shipments and Now Scarcity.

PACKERS PREPARED FOR RISE TO COME

Bought Up All That Came—Now Only Underfed Stock Is Left, Shipments Are Light and Prices Highest in Fifteen Years.

Pork and pork products are expensive. While the summer packing was heavier than usual prices on fresh cuts, shoulders, loins, and all smoked products are from 20 to 30 per cent higher now than they were two months ago. Prices on lard are from 18 to 20 per cent higher.

Last June reports of drought and consequent corn famine induced hog raisers to market their stock before it was really properly fed and in condition for the market.

Pork packers and wholesale dealers in fresh cuts understood the situation. They bought all the hogs shipped, prepared their various products, and when the market, from scarcity of stock, grew stronger and prices advanced, they were ready with large stocks of cured meat, selling at an increased price on account of the advance in live weight.

The prevailing prices for hogs, live weight, as sold in the stock yards have been heavier this month than at any time for 15 years. On this account hog raisers are shipping every possible head of their stock, to take advantage of the higher prices, which will probably break before very long. Hogs which should be fed from 60 to 90 days more before they are properly marketable are being rushed in now. Consequently pork packers are having some trouble in getting good stock. Local pork packers, who of course buy their porkers wherever they can obtain best prices and stock, are very much annoyed at the influx of underfed stock to the markets.

Chicago has been for years past and still is the great live stock market of the country. Within the past few years, however, Omaha and Kansas City trade has been increasing, and now live stock shipments there are heavy, hogs as well as cattle. Still, Chicago is the leader, receipts there averaging probably 30,000 a day during the season.

Taking Wednesday, September 25, as an average, shipments to Chicago are lighter by 5,000 to 11,000 than on the same day other years. On Thursday 26,000 hogs were received in the Chicago markets. On the same day last year 32,000 were received. In 1899 33,000 hogs reached Chicago on September 25, and in 1898 37,000 porkers were marketed there.

This decrease in shipments has prevailed ever since the first of the month. With light shipments prices straightway rise. Prime hogs have been selling in Chicago at about $7 a hundred, live weight, all of September; but $7 37½ was realized a few days ago. In the Pittsburgh market increased freight charges make the price of live animals about 25 cents higher—$7 65 being the top for this month.

These prices are higher than they have been for 15 years. In 1886 prices were about as now, and had not been so high since the civil war. Some pork packers in Pittsburgh are of the opinion that the top of the market has been reached. Others believe that while the top may have been reached high prices will prevail for some time yet.

WILLIAM CAMPBELL, THE PEOPLE'S STORE, 327-333 FIFTH AVENUE, PITTSBURGH.

OFFICIAL—ALLEGHENY.

Office of City Clerks,
City of Allegheny, Pa., Sept. 21, 1901.

NOTICE is hereby given that the following ordinance was presented at a meeting of common council of the City of Allegheny on the 20th day of September, 1901, and was referred to committee on surveys.

ROBERT DILWORTH,
City Clerk.

AN ORDINANCE—Widening an unnamed alley, Eleventh ward, from Antrim street to Robert McAfee's north line, to a width of forty (40) feet, according to accompanying plan, and as herein described.

Section 1. Be it ordained and enacted by the select and common councils of the City of Allegheny, and it is hereby ordained and enacted by the authority of the same, That an unnamed alley, Eleventh ward, from Antrim street to Robert McAfee's north line be and the same is hereby widened of a width to forty (40) feet, according to accompanying plan. The center line thereof being described as follows:

Beginning on the northerly line of Antrim street, at a point where the present west line of said unnamed alley intersects; thence northwardly by the present west line of said unnamed alley a distance of two hundred and forty-five (245) feet, more or less, to Robert McAfee's north line.

The damages caused thereby and the damages caused by the grade thereof and the benefits to pay the same to be assessed and collected in accordance with the acts of assembly in such cases made and provided.

Sec. 2. That so much of any ordinance as may conflict with or be supplied by the foregoing be and the same is hereby repealed. 224je

(No. 186.)

AN ORDINANCE—Authorizing the issue of eighty-three thousand ($83,000.00) dollars "Public Safety Bonds" for the erection and completion of patrol stations and engine houses in the department of public safety in the City of Allegheny, and providing for the liquidation of the principal and payment of the interest thereof, and repealing ordinances approved the 7th day of January, A. D. 1901, and the 21st day of June, A. D. 1901.

Section 1. Be it ordained and enacted by the select and common councils of the City of Allegheny, and it is hereby ordained and enacted by the authority of the same, That an issue of bonds in the name of the City of Allegheny to the amount of eighty-three thousand ($83,000.00) dollars, be and the same is hereby authorized; said bonds to be issued in accordance with the provisions of the laws of the commonwealth of Pennsylvania in such case made and provided.

Sec. 2. Said bonds shall be registered in the office of the controller of the City of Allegheny and shall be in the denominations of one thousand ($1,000.00) dollars each or a multiple thereof, payable as follows, to wit: $2,000.00 on the first day of October, A. D. 1902, and a like sum of $2,000.00 on the first day of October of each year for a period of six (6) years thereafter, and the sum of $3,000.00 on the first day of October, 1910, and a like sum of $3,000.00 on the first day of October of each year for a period of twenty-two (22) years thereafter, according to accompanying plan. Said bonds shall bear date October 1, 1901, and bear interest at the rate of three and one-half per cent (3½ per cent) per annum, payable semi-annually at the office of the city controller of the City of Allegheny, Pa., on the first day of April and the first day of October of each and every year until the same with the principal shall be fully paid, and the principal thereof shall be payable at their maturity at the same place. Said bonds are to be signed by the city recorder and the city treasurer and countersigned by the city controller, and sealed with the corporate seal of the city and the proceeds thereof shall be applied exclusively to the erection and completion of patrol stations and engine houses in the department of public safety in the City of Allegheny, and to no other purpose whatsoever.

Sec. 3. Until the said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed upon all subjects now by law or hereafter made liable to assessment for taxation for said purposes a tax for the liquidation of the principal and the payment of the interest thereof, as follows, to-wit: For the year 1902, $4,905.00; for the year 1903, $4,885.00; for the year 1904, $4,765.00; for the year 1905, $4,695.00; for the year 1906, $4,625.00; for the year 1907, $4,555.00; for the year 1908, $4,485.00; for the year 1909, $5,415.00; for the year 1910, $5,310.00; for the year 1911, $5,205.00; for the year 1912, $5,100.00; for the year 1913, $4,995.00; for the year 1914, $4,890.00; for the year 1915, $4,785.00; for the year 1916, $4,680.00; for the year 1917, $4,575.00; for the year 1918, $4,470.00; for the year 1919, $4,365.00; for the year 1920, $4,260.00; for the year 1921, $4,155.00; for the year 1922, $4,050.00; for the year 1923, $3,945.00; for the year 1924, $3,840.00; for the year 1925, $3,735.00; for the year 1926, $3,630.00; for the year 1927, $3,525.00; for the year 1928, $3,420.00; for the year 1929, $3,315.00; for the year 1930, $3,210.00; for the year 1931, $3,105.00.

And the said amount for each year is hereby appropriated out of the revenues of the said city for the payment and redemption of the bonds and interest as aforesaid as the same mature and for no other purpose whatever.

Sec. 4. All bonds issued by virtue of this ordinance and the acts of assembly authorizing the same shall be and become a part of the funded debt of the City of Allegheny and shall be entitled to all the rights, privileges and immunities thereof and for the payment of the principal of the said bonds and the semi-annual interest thereon as the same shall mature or become payable, the faith, honor, credit and property of the said city are hereby pledged.

Sec. 5. The city controller is hereby authorized and instructed to advertise for proposals for the sale of said bonds and the city recorder and the city controller are hereby authorized and directed to make sale of and issue the said bonds in accordance with the provisions of the act of assembly in such case made and provided.

Sec. 6. An ordinance entitled, "An ordinance authorizing the issue of eighty-three thousand ($83,000.00) dollars 'Public Safety Bonds' for the erection and completion of patrol stations and engine houses in the department of public safety in the City of Allegheny, and to no other purpose whatsoever," approved January 7, 1901, and all other ordinances or parts of ordinances in conflict herewith, be and the same are hereby repealed.

Ordained and enacted into a law in councils this 20th day of September, A. D. 1901.

Section 1. Be it ordained and enacted by the select and common councils of the City of Allegheny, and it is hereby ordained and enacted by the authority of the same, That an issue of bonds in the name of the City of Allegheny to the amount of one hundred thousand ($100,000) dollars, be and the same is hereby authorized; said bonds to be issued in accordance with the provisions of the laws of the commonwealth of Pennsylvania in such cases made and provided.

Sec. 2. Said bonds shall be registered in the office of the controller of the City of Allegheny and shall be in denominations of one thousand ($1,000) dollars each or a multiple thereof, payable as follows, to wit: $3,000 on the first day of October, A. D. 1902, and a like sum of $3,000 on the first day of October of each year for a period of nineteen (19) years thereafter, and the sum of four thousand ($4,000) dollars on the first day of October, A. D. 1921, and a like sum of four thousand ($4,000) dollars on the first day of October of each year for a period of nine (9) years thereafter. Said bonds shall bear date October 1, 1901, and bear interest at the rate of three and one-half per cent (3½ per cent) per annum, payable semi-annually at the office of the city controller of the City of Allegheny, Pa., on the first day of April and the first day of October of each and every year until the same with the principal shall be fully paid, and the principal thereof shall be payable at their maturity at the same place. Said bonds are to be signed by the city recorder and the city treasurer and countersigned by the city controller, and sealed with the corporate seal of the city and the proceeds thereof shall be applied exclusively to the erection and completion of additional buildings to the City home at Claremont, Pa., and to no other purpose whatsoever.

Sec. 3. Until the said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed upon all subjects now by law or hereafter made liable to assessment for taxation for said purposes a tax for the liquidation of the principal and the payment of the interest thereof, as follows, to-wit: For the year 1902, $6,130; for the year 1903, $6,060; for the year 1904, $6,290; for the year 1905, $6,185; for the year 1906, $6,080; for the year 1907, $5,975; for the year 1908, $5,870; for the year 1909, $5,765; for the year 1910, $5,660; for the year 1911, $5,555; for the year 1912, $5,345; for the year 1913, $5,135; for the year 1914, $5,240; for the year 1915, $5,135; for the year 1916, $5,030; for the year 1917, $4,925; for the year 1918, $4,820; for the year 1919, $4,715; for the year 1920, $4,610; for the year 1921, $4,505; for the year 1922, $5,400; for the year 1923, $5,295; for the year 1924, $5,190; for the year 1925, $4,980; for the year 1926, $4,849; for the year 1927, $4,700; for the year 1928, $4,560; for the year 1929, $4,420; for the year 1930, $4,280; for the year 1931, $4,140.

And the said amount for each year is hereby appropriated out of the revenues of the said city for the payment and redemption of the bonds and interest as aforesaid as the same mature and for no other purpose whatever.

Sec. 4. All bonds issued by virtue of this ordinance and the acts of assembly authorizing the same shall be and become a part of the funded debt of the City of Allegheny and shall be entitled to all the rights, privileges and immunities thereof and for the payment of the principal of the said bonds and the semi-annual interest thereon as the same shall mature or become payable, the faith, honor, credit and property of the said city are hereby pledged.

Sec. 5. The city controller is hereby authorized and instructed to advertise for proposals for the sale of said bonds and the city recorder and the city controller are hereby authorized and directed to make sale of and issue the said bonds in accordance with the provisions of the act of assembly in such cases made and provided.

Sec. 6. An ordinance, entitled "An ordinance authorizing the issue of one hundred thousand ($100,000) dollars 'City Home bonds,' for the erection and completion of additional buildings to the City home at Claremont, Pa., approved January 7, 1901," and an ordinance, entitled "An ordinance amending section two of an ordinance entitled 'An ordinance authorizing the issue of one hundred thousand ($100,000) dollars "City Home bonds" for the erection and completion of additional buildings to the City home at Claremont, Pa., and to no other purpose whatsoever," approved June 21, A. D. 1901, and all other ordinances or parts of ordinances in conflict herewith, be and the same are hereby repealed.

Ordained and enacted into a law in councils this 20th day of September, A. D. 1901.

(No. 182.)

AN ORDINANCE—Authorizing the issue of four hundred and thirty thousand ($430,000.00) dollars "Water Bonds" for improving and extending the water system in the City of Allegheny, and providing for the liquidation of the principal and payment of the interest thereof, and repealing ordinances approved the 7th day of January, A. D. 1901, and the 21st day of June, A. D. 1901.

Section 1. Be it ordained and enacted by the select and common councils of the City of Allegheny, and it is hereby ordained and enacted by the authority of the same, That an issue of bonds in the name of the City of Allegheny to be designated "Water Bonds," to the amount of four hundred and thirty thousand ($430,000.00) dollars, be and the same is hereby authorized; said bonds to be issued in accordance with the provisions of the laws of the commonwealth of Pennsylvania in such cases made and provided.

Sec. 2. Said bonds shall be registered in the office of the controller of the City of Allegheny and are to be in denominations of one thousand ($1,000.00) dollars each or a multiple thereof payable as follows, to wit: $14,000.00 on the first day of October, A. D. 1902, and a like sum of $14,000.00 on the first day of October of each year for a period of nineteen years thereafter, and the sum of $15,000.00 on the first day of October, A. D. 1922, and a like sum of $15,000.00 on the first day of October of each year for a period of nine years thereafter. Said bonds shall bear date October 1, 1901, and bear interest at the rate of three and one-half per cent (3½ per cent) per annum, payable semi-annually at the office of the city controller, in the city of Allegheny, Pa., on the first day of April and the first day of October of each and every year until the same with the principal shall be fully paid and the principal thereof shall be payable at their maturity at the same place. Said bonds are to be signed by the city recorder and the city treasurer and countersigned by the city controller, and sealed with the corporate seal of the city and the proceeds thereof shall be applied exclusively to the erection and completion of additional buildings to the City home at Claremont, Pa., and to no other purpose whatsoever.

Sec. 3. Until the said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed upon all subjects now by law or hereafter made liable to assessment for taxation for said purposes a tax for the liquidation of the principal and the payment of the interest thereof, as follows, to wit: For the year 1902, $28,580; for the year 1903, $28,090; for the year 1904, $27,600; for the year 1905, $27,110; for the year 1906, $26,620; for the year 1907, $26,130; for the year 1908, $25,640; for the year 1909, $25,150; for the year 1910, $24,660; for the year 1911, $24,170; for the year 1912, $23,680; for the year 1913, $23,190; for the year 1914, $22,700; for the year 1915, $22,210; for the year 1916, $21,720; for the year 1917, $21,230; for the year 1918, $20,740; for the year 1919, $20,250; for the year 1920, $19,760; for the year 1921, $19,270; for the year 1922, $18,780; for the year 1923, $18,290; for the year 1924, $17,800; for the year 1925, $18,655.00; for the year 1926, $18,050.00; for the year 1927

CINCINNATI, O., Sept. 29.—The Cincinnati team surprised the 7,000 faithful fans who journeyed to League park to see the double header between the locals and the pennant winners this afternoon by winning both games by the same score, 2 to 1. Both games were the hardest fought of the season between the two teams. The pitching and fielding were of the highest order. In the first game, with the bases full, in the ninth, Hahn struck out Ritchey, Burke and Zimmer. Swormsted, a local pitcher, who has been playing in the Western association, let the Pirates down with three hits in the second game. Catches by Dobbs and Wagner were the fielding features. Beckley's two triples practically won both games.

Leever appeared to be in as good form as "Noodles" Hahn in the opening game, as his hits were scarce in both contests. The visitors got their only run in the first inning, when, with two out, Beaumont singled and Wagner brought him to bring territory with a slashing triple.

Reds Tied the Score.

The Reds plugged along until the fourth inning without registering a score, but Wagner's double and Steinfeldt's hit tied the score in the seventh. Bay hit safely and Beckley tripled. His drive sent what proved to be the winning run over the plate. Beaumont was the first man up in the ninth and got a life on Hahn's wild throw. Wagner singled and Hahn gave Bransfield a pass, filling the bases. Then came three strike-outs. Hahn retired the side by striking Ritchey, Burke and Zimmer fanning in the air, leaving three Pirates on the bags and ending the game amid great enthusiasm from the crowd.

The second game proved the biggest surprise of the day. Manager McPhee sent the unheard Swormsted, the Western league recruit, to the rubber and it goes without saying that the fans sat back and expected to see him slaughtered, with a big score.

Swormsted Proves a Surprise.

But every one was surprise, however, the Pirates found the tall, bony youngster the hardest proposition they have been pitted against in many days. When the nine innings had been rattled off, the Pirates had but one run and three measly hits to their credit. He pitched himself out of numerous tight places, was as steady as rock when danger threatened, and had the visitors completely at his mercy. Steinfeldt was as effective as usual, but the youngster's work was too much for him.

In the first inning the Reds scored one run on Bay's single and Beckley's triple. In the third they scored again on Harley's hit, Beckley's single and a long fly to Bay, which scored Harley.

The visitors made their only run in the fourth inning when Beaumont was given a pass to first. Wagner followed with a single and then Bransfield sacrificed both men forward a base. A hot grounder to Beckley from Ritchey's bat followed, which allowed Beaumont to register the run. They had two chances for runs after that, but were neatly thrown down. The score:

GOOD RECORDS MADE BY PIRATES

Champions Won Six Straight Games Played Last Week.

FINE SHOWING AT SEASON'S CLOSE

Wagner Leads the Team in Batting and Eight Players Are Above the Three Hundred Mark—Boston Series Opens This Week.

The pennant winners of 1901 played the game that wins championships last week. They won six straight games—one from Chicago, three from New York and two from Brooklyn. Rain Saturday afternoon prevented the last game of the series with the Brooklyn team. During the week the Pirates made 72 hits against 64, and scored 53 runs to their opponents' 24. Wagner led in batting with 13 hits, while Beaumont was a close second with 12 and Ritchey third with 11. Lefty Davis scored 11 runs on 9 hits. Wagner still leads the team in batting with an average of 352.

The Pirates have a hard series the first part of the week. Boston comes to Exposition park to-day and will also be the attraction Tuesday and Wednesday. Thursday and Friday are open dates in the league, and Saturday the locals go to Chicago and play the closing scheduled game of the season there on Sunday.

Following are the complete records of the champions:

BENEFIT FOR PIRATES.

Attorney R. P. Kennedy Suggests an Entertainment at a Local Theater.

Baseball enthusiasts in this section of the country are so elated over the Pirates winning the pennant this season that they are making all sorts of suggestions of benefits for the team. Probably the most practical is suggested by Attorney Robert P. Kennedy of Uniontown, one of the tried and true rooters for the Pittsburgh team, who, in a letter to the sporting editor of the Gazette, says in part: "Why can't the lovers of baseball in Pittsburgh get up a benefit for the team and entertain them? Buy out a theater with some good attraction, say for Saturday night, October 12. Sell the seats at an advance. The curtain should go up with the players on the stage, and a few remarks from each would be appropriate. In addition to this, I would like to see handsome testimonials presented to President Dreyfuss and Secretary Pulliam for their skilful management of the team. Let's start the season of 1902 by giving the players and management a glorious windup for 1901."

CHICAGOS ARE CHAMPIONS.

Newsboys' Baseball Day.

Newsboys' day at Exposition park is the plan of Col. Barney Dreyfuss of the champion Pittsburghs. Col. Dreyfuss has announced that on next Wednesday afternoon, the occasion of the last game of the season, the club extends an invitation to all the newsboys of the two cities, "All are welcome, and we will make preparation to entertain at least 5,000 if there are that number to be found," said he. "The lads will have a stand to themselves, and all the rooting should be speedier than ever. Boxes will also be set aside for the business managements of the various newspapers."

It is the intention of the Pittsburgh club to give the newsies an unlimited chance to shout. Their favorite twitter will be on the slab that day. This will also be railroaders' day, and a cup will be given to the champions.

MICHAEL BEAT M'FARLAND.

Won Five Mile Motor Paced Tandem Race with Ease—New World's Motor Record.

NEW YORK, Sept. 29.—At the Vallsburg, N. J., cycle track to-day the match race between Jimmy Michael of Wales and Floyd McFarland of San Jose, Cal., was won by Michael. The two met in five-mile heats, paced by motor tandems. In the first heat the men kept close together, not over 30 yards separated them until one of the tires on McFarland's wheel went flat and Michael went on and won in 7:42 3-5. Michael was said to have ridden the last mile in 1:25 3-5, which is the fastest mile ever made in a competition of this sort. In the second heat McFarland again had trouble with a tire and switched in behind Champion's single motor. Michael won easily in 7:59 4-5.

Champion's ride against the world's record on a motor bicycle was one of the most thrilling spectacles ever seen on the track. While the track is not banked for speed of this sort, the Frenchman let the machine fairly fly around the corners. He covered the mile in 1:15 flat, beating the record made by G. R. Butler at Buffalo recently by 7 1-5 seconds.

The two-mile professional handicap was won by W. S. Penn, Waterbury (scratch); G. S. Kimble, Louisville (90 yards), second; H. B. Freeman, Portland (60 yards), third; Floyd Krebs, Newark (130 yards), fourth. Time, 4:13 2-5.

The five-mile professional open was won by John Fisher, Chicago; Frank Kramer, East Orange, second; James B. Bowler, Chicago, third; Frank J. Cadwall, Hartford, fourth. Time, 11:35.

FOOTBALL SEASON OPENED.

Many Good Gridiron Contests Were Played Saturday.

The football season in the United States was formally opened on Saturday when the leading college teams of the country played their first games. Nearly every big team played but Princeton and the season will be opened at the latter place next Wednesday. Several local teams contested on the gridiron Saturday. The Western University team was badly beaten by State College kickers. The Shadyside academy team was scheduled for a game with the Washington and Jefferson college eleven, but the game was declared off early in the afternoon on account of the death of Prof. Alonzo M. Linn of the W. and J. faculty.

Pianos.

YOU WOULD NOT be reading this ad. if you were not in the market for a piano bargain; we have the bargains, and that's the reason our ad. is here. A fine upright piano will be sold this week $127.50. Its tone is rich, case handsome, action elastic, quality durable; in fact, everything can be said for this piano that is good, but a better idea can be obtained by examining and hearing its tone. Terms will be arranged to suit purchaser's convenience. Call at once. Hoffmann's Music House, 537 Smithfield st. 927h

PIANOS—Everything is comparative. If you have not seen the best it is quite easy to be content with something else. In the purchase of a piano you should by all means examine the Sohmer before making a decision. Others having heard the silver-like brilliancy and mellow quality of the Sohmer, few other pianos will satisfy you. Sohmer pianos sold exclusively at HOFFMANN'S Music House, 537 Smithfield st. Call or send for catalogue. 911h

Step Taken to Start a Foreign Security Department in Wall Street.

BIG GERMAN CITY ASKS AMERICAN GOLD

Money Situation Much Better Than a Week Ago, Although Danger of a Squeeze Is Not Yet Over—Bull Movement in United States Steel.

By Private Wire to Commercial Gazette.

NEW YORK, Sept. 29.—The application of Speyer & Co., bankers, to list for trading on the New York stock exchange the 3½ per cent municipal bonds of Frankfort-on-the-Main, Germany, is regarded in Wall street as the initial move toward establishing a department for foreign securities. This is not a new idea, by any means; in fact, it has been cherished in the financial community for a long time, but for some reason the departure has never been made, perhaps for want of the proper initiative. The sentiment of Wall street is overwhelmingly in favor of introducing foreign securities in the New York stock exchange, and the governing body of that institution is expected to admit the bonds offered by Speyer & Co. The total authorized bond issue of the city of Frankfort-on-the-Main is 27,000,000 marks, of which 15,000,000 marks were taken in this country. A vast amount of foreign bonds are held by American investors. Among the German issues heavily held on this side may be mentioned the German consols, 3 per cents; the German treasury, 4 per cents; the Hessian government, 3½ per cents; the city of Cologne, 4 per cents; the city of Augsburg, 4 per cents, and the city of Frankfort, 3½ per cents.

A foreign department on the New York stock exchange would not lend itself to speculative abuse, nor afford a too easy means for floating foreign securities in this country, while it would give investors a permanent and ready market for their holdings. The stock exchange does not list bonds that have not already been sold to bona fide purchasers, the same is true of stocks.

The only foreign securities now dealt in on the stock exchange are a few Mexicans, in which there is only moderate interest. On the London stock exchange the department for "Americans" is an important feature, and it was only this year that Mr. Morgan succeeded in getting the London governors to list United States Steel. Of course, if the governors of the New York stock exchange admit these city of Frankfort-on-the-Main bonds, the door will have been opened and other foreign securities, particularly British securities, would press for admittance. It would make new business in Wall street—arbitrage business. A very profitable field in Wall street now is arbitraging on the differences between quotations on American stocks here and on the London board. If British securities were listed here it would make that much more arbitrage trading.

Mr. Zimmerman of the international banking house of Zimmerman & Forshay, said to your correspondent Saturday: "Trading in foreign securities on the stock exchange will be as common in a few years as trading in our own bonds and stocks. We are putting millions of dollars into European securities every year. Our total investment would aggregate hundreds of millions. The credit balance of the United States is growing larger and larger, and to offset it we will have to take foreign bonds and stocks in considerable quantity."

Heads of the New Cereal Combine.

Following is a list of the directors of the Quaker Oats Company, which is to succeed the American Cereal Company: J. G. Schmidlapp, Cincinnati; George A. Cox, Toronto; H. B. Crowell, Chicago; Robert Stuart, Chicago; Thomas E. Well, Chicago; Walter D. Douglas, Cedar Rapids; J. H. Andrews, Akron; James Parmlee, New York; Myron T. Herrick, Cleveland. There will be no change in the executive personnel. The American cereal stockholders will get two shares of the new preferred for each one of the old.

Forcing a Bear Argument.

It is difficult to understand what Wall street expected of the weekly bank statement Saturday. It showed a larger gain in cash than the known movements of money had led the financial community to expect, and the surplus reserves showed an increase of more than $2,500,000, and yet the statement was read as a bear argument on stocks merely because the loan item showed an expansion of a little more than $1,500,000. A point that probably escaped the critics was that the bank statement was made upon rising averages, and that at the time of issuing the statements the banks were better off by perhaps several million dollars than was made to appear. Really, it was no serious matter, this increase of $1,500,000 in loans. It was due largely, perhaps, to special transactions. Although the financial situation is by no means free of perplexity, it is better than might have been expected. The danger of a stringency has not been removed, but it is less menacing than it was a fortnight ago.

Bull Movement in Steel.

One of the features of the three concluding sessions of the market week was the good buying of United States Steel. Certain local operators have been getting long of the stock on what is represented to be reliable Morgan information. The precise nature of the information is not disclosed, but evidently it has to do with else than dividends. The regular dividends are regarded as forgone, and to an extent they have been discounted; but the buying proceeds, and the inference is that the statement promised for this week is going to be a very bullish document. A forecast of the statement, believed by many to have been inspired, was published Saturday by a news agency. It gave the net earnings for six months to date as $48,000,000.

Indifferent to Foreign Market.

The recent advance of $1 a ton in bar iron made by the Eastern Bar Iron association went into effect Saturday. The advance of 50 cents a ton in all grades of pig iron by the Tennessee Coal and Iron Company and the Sloss-Sheffield Steel and Iron Company is enthusiastically justified by the New York representatives of both concerns. In the case of the latter an official says that the advance was doubly warranted. The company's product is sold for four months ahead, and the prospects of the southern iron trade were never better. The same authority went on to say that while the steel strike lasted buyers were backward about engaging iron. They bought only for urgent necessities, and the result was that stocks in the hands of consumers got very low. When it became evident that the steel strike was on the point of collapse there was a rush of orders under press of which the books of the southern companies were soon choked. Other authorities echo these utterances. The domestic consumption is so large, and its demands so enthusiastic, that manufacturers have been forced to neglect the foreign trade. Of course, at these higher prices there cannot be much of a market abroad for American iron; but whether there is or not, is a matter of indifference to the Americans.

NEWS FROM THE MINES.

Latest Finds in Gold, Silver, Copper and Other Metals in the Far Western States.

By Private Wire to Commercial Gazette.

NEW YORK, Sept. 29.—Work at the Le Roi, Rossland, B. C., was begun Monday. Operations were confined to the 400, 500, 600, 700 and 800-foot levels. Shipments to the Northport smelter will soon be started.

There are 18,000 tons of dry ore on the dumps of the Silver Hill and the Richelieu mines, east of Crawford Bay, B. C. The ore is second-class and has been contracted for by the Trail smelter.

The I. X. L., in Gila county, Ariz., encountered water at the 145-foot level and has closed down temporarily. Oil is used for fuel and a quantity has been set aside for future use.

All the principal mines near Jackson, Amador county, Cal., have laid in a supply of oil for fuel. The Argonaut's shaft is in 1,850 feet.

At Boulder, Col., the Boyd mill is handling tungsten ore from the Neuerland. It concentrates three to one and is worth about $70 a ton.

The Inter Ocean at Sunshine has started work under new management.

Leadville, Col., sends word that the Little Nell, on Sugar Loaf mountain, has a body of ore running high in silver.

Test runs on ore from the Delhi, Ada county, Ida., average $4 to the ton in free gold. The shaft is down 170 feet. On Neal district, the Gold Eagle is pushing development work. The four-stamp mill is giving good returns.

A rich strike has been made in the East Pacific, near Helena, Mont. The ore was found in the west drift and carries high values in gold, silver and lead. Three cars recently sent out netted $5,200.

FOREIGN BOURSES.

London Stock Exchange Completely Americanized—Copper Dominated the Markets.

LONDON, Sept. 29.—"The London stock exchange," says the financial critic of the Sunday Special, "has become so Americanized that I need scarcely refer to any but the American market. The others hardly exist." All the authorities agree that the keynote of the financial situation last week was the copper position. Even West Africans, Rands and West Australians fluctuated in sentimental harmony with the American market, as it rose or fell in consequence of the varying light thrown upon the Anaconda failure to pay the expected dividend.

One of ablest experts draws attention to the utter lack of sense of proportion which Europe, especially Paris, has exhibited by nearly going panic-stricken over this apparently incidental affair as the copper matter. He points out that this serious state which existed during the week was due to a belief very generally held in Germany and France in the inability of the Anaconda people to meet expectations was only the premonitory symptom of the collapse of all amalgamations of capital interests in the United States, the extent and methods of which have always passed the understanding of old world financiers. It was several days before Europe recognized the falsity of such deductions.

The favorable American railroad receipts helped to gradual recoveries, not only in the American section, but all around; and, while the closing prices were below the highest level that marked the opening of the week a better feeling prevailed. With business quiet all sorts of rumors are rife regarding the intentions of the Amalgamated company, the most in favor being that the reduction of dividend was due to a plan of the managers to compel the other companies, notably Rio Tinto and Cahnet, to join hands with the Amalgamated company in curtailing the copper supply of the world.

NO CONTRACT WAS LET.

Bidders Refused to Include Rails in Figures for Building New Leechburg Line.

The new Leechburg company that had planned to let the contract Saturday for the proposed Leechburg-Vandergrift branch electric road over which electric connections are eventually to be established direct between Vandergrift and Apollo and Pittsburgh via Wilkinsburg and Hulton, failed to secure any satisfactory bids, and left this contract open until some future date.

Contractors refused to include the steel rails in their bids, because the manufacturers declined to give figures for delivery next year.

INFLUENCE OF COPPER STOCKS

Depressions in That Trade Affected All Security Markets of the World.

REMEDY LIES WITH THE PRODUCERS

Curtailment of Production a Reasonable Measure of Safety—Failure of Wheat Crop Abroad Reacts Unfavorably.

Special Telegram to Commercial Gazette.

NEW YORK, Sept. 29.—The Amalgamated Copper Company has on hand 130,000,000 pounds of electrotype copper, which it holds at 16⅝ cents per pound, representing an equivalent at the price quoted of $21,612,500. This mass of metal, together with the conditions which led to its acquirement, the expedients taken to prevent depreciation in selling price and discussion as to the means for its ultimate distribution, dominated all else in the security markets last week. It is not too much to say that a shiver ran throughout the financial world. Stock prices fell in London, Paris and Berlin as well as in New York and various other exchanges in this country. Foreign markets were influenced apparently more through a recollection of the fate of the Secretan copper syndicate than anything else, while domestic markets shrunk under the belief that the copper episode marked a turning point in the world's industrial situation.

As a matter of fact, there is no parallel between the conditions which caused the collapse of the Secretan syndicate and those prevailing at the present time. The great French company owned no mines, but sought by cornering the copper market to control the price of the commodity. Their price increased production and they had to accept and finance all offerings. To do so they formed a company which extended its credit on copper in the form of warehouse receipts. The supply became cumbersome. The metal could not be sold without depreciating the company's credit and in the end the syndicate was borne down through a failure to comprehend the fundamental principle that supply and demand control commodities and that prices cannot for long be maintained artificially.

As the markets of the week have been influenced, so will be the markets of the immediate future. The Amalgamated Copper Company has the means at hand to extricate itself from its present position and will doubtlessly do so. It can curtail the output of its mines and await the time when the demand will absorb the supply, or it can "put the knife" into its prices without injuring its credit and sell its copper. Like any other industrial or commercial enterprise, its shareholders or participating partners must average bad years with good. At first Wall street regarded as a move concealing some ulterior purpose the passage of the extra dividend on Amalgamated copper stock followed in the course of time by the omission of extra dividends on its constituent properties, the Anaconda and the Parrott mining companies, but it is now regarded by men alive to the copper situation as a perfectly proper course, warranted by the conditions of trade and thoroughly defensible on sound business principles. As to the apparent attempt on the part of the committee to maintain the price of copper unchanged, and in the face of existing conditions the company's course finds no defenders and within the company only does it find apologists.

As to gossip more will be heard of the failure of the wheat crop abroad and of the corn crop at home. Only a little while back there were men in the country who were congratulating themselves on the foreign crop shortage, arguing that the injury to Europe would result in some remarkable benefits to this country through increased exports, and ignoring entirely the fundamental principle that injury to a part works injury to the whole. Now they may observe that the foreign shortage reacts upon the foreign industrial situation, and that the foreign industrial situation is reacting in some measure upon our own industrial situation. Not only is this illustrated by the nearly 50 per cent reduction in copper exports, but also in the falling off in exports of manufactured articles, which are showing a steady diminution in trade statements.

NEW YORK CLEARING HOUSE BANK STATEMENT.

NEW YORK, Sept. 28.—The New York clearing house bank statement for the week was with the exception of the loan account, which showed an increase of $1,600,500, generally what had been expected. Surplus reserve increased $2,625,800, specie increased $3,324,900, legal tenders increased $626,800, and deposits increased $6,090,800. This increase in deposits of course raised legal reserve requirements by over $1,000,000. The gain in cash was about what the known movements in money had indicated.

The surprising feature was the increase in loan account—surprising, that is, in view of the liquidation in the stock market during the week, and because it was believed that many loans had been paid off. Bankers are at a loss to explain satisfactorily this showing. The statement in detail follows:

The Market Firmer and Feeling Almost Buoyant

WINDOW GLASS WAS STRONGER

Common Stock Advanced Over a Point on Very Good Buying.

STEEL COMPANY SHARES ALL MADE GAINS

Consolidated Traction and Philadelphia Co. Common Quieter and Lower — Electric Seconds Advanced—Coal Stocks Very Dull.

The market on the Pittsburgh stock exchange Saturday was considerably firmer and quite lively for a half holiday. The tone, indeed, was almost buoyant and the general feeling was more encouraging. The greatest activity of the day was in American Window Glass common, which sold almost 1,300 shares. The opening was at 63 (which was also the lowest) and the high at 63¾. At the close the stock stood at 63¾, a gain of 1¼ for the day, there being no bids or offers after the final sale, which occurred after call. Next to Window Glass the steel issues attracted the most attention. Of these United States Steel common was the most active, and closed quite strong and in demand at the top price. Just 600 shares sold, the price opening at 43⅞ and closing at 44⅝, a gain of ⅛. The preferred sold only 10 shares after call at 95, a gain of 1⅝, but on call 94⅝ was bid for regular lots, without offers. Crucible common was less active, but firm and ⅝ higher at 34⅝ for 200 shares. The preferred sold 20 shares, opening at 84 and closing ⅛ lower, the gain for the day being ¼. Fire Proofing common was quite active and firm, selling over 500 shares and advancing to 34⅞. The close was at 34¾, a gain of ½. The preferred did not sell. Westinghouse Electric seconds were also firmer and ¾ higher, closing at 71⅝, sales having been over 400 shares. Consolidated Traction common was comparatively dull, only 325 shares selling. The close—24⅜, showed a loss of ⅛. Philadelphia Company common sold 200 shares after call at 51⅞, also a loss of ⅛, the stock being steady though dull. The coal stocks were badly neglected, only 56 shares of both issues of the Pittsburgh Company selling. The prices were not materially changed. River Coal did not sell at all, but confirmed steady at the last quotation. The other sales were small and unimportant. Bonds were without a sale. In the quotations Fort Pitt Gas advanced $1 to $53 bid, a new high record, and Natural Gas of West Virginia went up $2 to $101 bid, also a new high record, Brewing issues were firmer and slightly higher. Pittsburgh Plate Glass common offered ½ lower at 176, 175½ being bid. There were no other important changes.

The following is a complete summary of the day's official transactions on the Pittsburgh stock exchange. It shows the change in the closing selling prices, compared with the last preceding sales, the total sales of each security, the opening, high, low and closing prices, new high records and final bids and offers:

WEEK'S BUSINESS SHOWED IMPROVEMENT.

The business transacted on the Pittsburgh stock exchange during the week ending Saturday showed a slight improvement in volume and a considerable one in the tone, the close being decidedly firm and the feeling almost buoyant. The total public sales were 45,214.75 shares of stock and $14,000 bonds; against a total for the preceding week (five days only) of 43,218 shares of stock and $58,000 bonds. The total for the same week last year was 10,242 shares of stock and $80,000 bonds.

The following statement is a complete summary of the publicly recorded transactions on the Pittsburgh stock exchange during the week beginning Monday, September 23, and ending with Saturday, September 28. It shows the total sales, opening, highest, lowest and closing prices and the changes in the selling prices as compared with those of the preceding week and the nearest ones to that time:

MADE BIG GAINS.

Pittsburgh Bank Exchanges for the Day, Week and Year Show Large Increases.

Pittsburgh bank exchanges continue to show large increases over the corresponding periods of last year. Those for Saturday exhibited a gain of over $1,269,000, while the week broke all records, and increased $12,299,000 over last year, and $11,658,000 over the same week in 1899, which had the high mark. The total for the year to date also broke all records, and shows an increase of more than $49,000,000 over 1900. The local money market ruled decidedly firm all week, many of the banks and trust companies refusing new loans. The rate for call and time loans remained nominally unchanged at 6@8 per cent. The detailed clearing house report for the periods mentioned follow:

	Exchanges.	Balances.
Saturday	$8,965,585 63	$1,083,807 71
Previous Saturday	7,613,315 27	1,262,682 20
Last year	4,716,251 30	1,056,184 54
Saturday's increase	$1,269,334 33.	

The figures of the clearing house for the week ending Saturday, compared with those for the preceding week (5 days), and the same week last year, are as follows:

	Exchanges.	Balances.
This week	$40,434,783 46	$7,005,471 28
Daily average	6,739,126 55	1,174,745 73
Last week	30,771,720 27	4,761,889 42
Daily average	6,154,346 05	952,379 88
Last year	23,581,257 40	4,954,650 90
Daily average	4,589,286 90	826,108 49

This week's increase, $12,259,058 06.

The exchanges for the week ending Saturday, compared with those for the corresponding weeks in previous years, were as follows: Week ending—

September 28, 1901	$40,434,783 46
September 29, 1900	28,175,721 49

THE OIL FIELDS.

The credit balance market was advanced on Saturday from $1.25 to $1.30 for Pennsylvania crude.

In the past 10 years many large fields have been discovered and fully developed in West Virginia and Southeastern Ohio. In view of the test work done in both states during the year, it's an open question whether either will be able in the future to present anything better than congested pools. Drilling in spurs and extensions to some of the old fields will be a feature. In fact, it is the only one at the present time. Northeast of the Gantz sand development on Fink creek, Lewis county, an extension is indicated by the test wells, fair producers, on the Aikire and Joyce farms. Northeast of the Garner pool in Wetzel county, and extending northeast through Doddridge and Marshall county, the upper end fronting what has been designated the Cameron district and the lower end the "Little Germany" district, is a territory that looks promising. It is Gordon sand territory, and the producing formation is found at a depth of about 2,800 feet, and like that in the Garner district is overlaid with a formation that caves and makes drilling hazardous work for the contractor. As yet nothing better than 30-barrel wells have been discovered, and all require a shot to develop their volume. A well barren of oil does not necessarily make a total failure, since many good gas wells have been drilled, and they are in demand at this time of the year, several companies—the Columbia—the Tri-State and the Wheeling Natural Gas companies—have lines extending into the field. The new wells, however, are not maintaining the oil production.

Little can be said of Southeastern Ohio. Operations in nearly all districts, except in the very shallow sand territory in Morgan and Washington counties, have declined. The work under the consolidated companies is developing defined territory. Small extensions to some of the old fields or pools have been discovered, but strictly new pools are not in evidence.

The Ohio fields are in much the same condition. The producing territory south of Murdochsville, Beaver county, will be much smaller than was expected.

The Oil Market.

The Standard Oil Company's price for credit balances was advanced 5 cents Saturday to $1.20. The Producers and Refiners' also paid $1.30.

Attempt to Murder a Country Pastor in His Pulpit.

OWINGSVILLE, KY., Sept. 29.—(Special.)—An attempt was made to murder the Rev. B. H. Ross, pastor of Kentwell Springs church while in the performance of his ministerial duties to-day. While the pastor, who lives in this city, was delivering his sermon a disturbance was raised by Bud Carmichael, who became so noisy and offensive that the person requested that some one escort the young man outside of the building and compel him to remain there.

Carmichael, rising to his feet before hands could be laid on him, drew a revolver from his hip pocket and fired point blank at the preacher. His aim was bad and the ball passed within a few inches of the pastor's head. Carmichael was then overpowered and taken to this place, where he was lodged in jail.

PITTSBURGH PRICES FOR FARM PRODUCTS

Peach Market Has Fallen Off Greatly, Both in Supply and Demand.

Hay, Grain and Feed.

There were very light receipts of hay and grain on Saturday and the market was strong. Railroads are unable to handle cars as quickly as dealers desire, on account of crowded condition of the yards, stock that is arriving from the west not being available for the market as readily as it could be sold. Prices are all unchanged.

Receipts bulletined: Pittsburgh, Ft. Wayne & Chicago railroad, 7 cars hay, 5 cars flour, 1 car corn; Pittsburgh, Cincinnati, Chicago & St. Louis railroad, 1 car hay, 1 car oats, Baltimore & Ohio railroad, 3 cars hay, 1 car feed, 1 car oats, 1 car rye; total receipts, 21 cars; receipts Friday, 26 cars; decrease, 15 cars.

Following are the official quotations for hay, millfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain depot:

Straw—Oat, $7 50@8 00; wheat, $7 50@8 00; rye, $8 50@9 00.

Rye—Milling price, delivered, No. 2 Michigan, 59@60c.

Hay—Choice timothy, $13 50@15 75; No. 1 do, $15 00@15 25; No. 2 do, $13 50@14 50; No. 1 mixed, $11 00@11 50; No. 1 clover, $11 00@11 50; prairie, $10 50@12 00; packing, $8 00@10 00; loose from wagon, $16 00@17 00.

Groceries.

Flour opens the week at the same range of prices as governed transactions during the six business days immediately preceding, although there is some weakness in the market, several of the dealers having seriously debated the question of lowering quotations. Sugar shows no abatement in demand, which is apparently as active as at any time during the month. Coffee is unchanged, with reports from primary markets a little inclined towards an easier condition of affairs, following the denial of the report of crop damage. Syrups are unchanged but the situation is rather uncertain, and prices are liable to sudden fluctuations.

Flour—Jobbers' price. Fancy spring patents, $3 70@3 80; fancy winter patents, $3 70@3 80; straight winter, $3 60@3 70; bakers' spring, $3 00@3 60; rye, $3 20@3 25; graham, $4 2@4 50; cornmeal, bbl, $3 50; 10-lb cotton bags, 15c each.

Oatmeal—Rolled oats, bbls, $5 00; kegs, $2 65; packages, $2 50@2 75. Oatmeal, bbls, $5 50; kegs, $2 90.

Sugars—Standard granulated, 5.25c; fine granulated, bbl, 5.00-lb and 25-lb jute bags, 5.35c; 10-lb cartons and 20-5-lb cotton bags, 5.40c; powdered, 5.30c; powdered XXXX, 5.50c; cubes, 5.50c; cut loaf, 5.75c; confectioners' A, 5.05c; No. 2 spot white, 5.15c; No. 1 do, $5.40c; No. 2 yellow, 4.85c; No. 5 do, 4.55c; No. 6 do, 4.30c. Quotations are f. o. b. New York, which gives cost at your nearest railroad station. The price for Pittsburgh is 15 cents per 100 lbs. above these quotations.)

Molasses—New sugar, 22@25c; choice do, 26@28c; prime do, 22@25c; open kettle, 37@38c; fancy sugar syrups, 27@28c; sugar and cane, 22@24c; syrup in quart cans, $1 00 per doz.

Salt—No. 1, $1 00 per bbl; No. 1 extra, $1 10; dairy, $1 30; granulated rock, 95c sack.

Coffee—Roasted, bulk Rio, 9¼@11c; Santos, 12@22c; Maricaibo, 13½@17c; Peaberry, 15½@18c; Mocha, 25@28c; Java and Mocha blend, 28@31c; Java, 25½@29½c; Mocha, 25c; standard brands, 1-lb pkgs, 19.80c (with rebate of ⅝c allowed to retailers); high grades, 1-lb pkgs, 15.00@17.80c.

Rice—Head, 7@7½c; table, 4½@5½c; screenings, 3½@4c; fancy head, 7½@8c; choice head, 6½@7c; Carolina head, 6@6½c; fancy Japan, 5½@6c; choice, 5@5½c.

Peas—Dried peas, $1 45@1 50; Scotch, per bu, $1 55@1 60; split peas, bbl, $5 50; less, 5c per lb; marrowfat, $1 65@1 70 per bu.

Oil—Carbon, 110 deg, 8½c; headlight, 9½c; water white, 9½c; Elaine, 13½c; Ohio W. W. test, 9½c; miners' Lewis, 47@48c; special brands, 26@48c; prime refined, 26c.

Canned Goods.

There is little to say in regard to canned goods except that all the strong conditions which have been in evidence for so long are still present and prices are firm. If local dealers are going to make any changes in quotations they have not as yet announced their intention to do so, all reporting the situation as unchanged.

Standard pie peaches, 75@85c gallon; pie peaches, $2 75@3 00; California L. C. peaches, $1 90@2 35; Maryland peaches, $1 20@1 75; California Y. HAVE FAITH IN THE COLUMBIA

American Yachtsmen Had a Scare, But Are Determined to Hold the Cup.

DEFENDER'S VICTORY A NARROW ONE

Hope of Patriotic Americans Temporarily Dampened by the Speed of the Shamrock in Beat to the Windward—Rejoicing at Finish.

NEW YORK, Sept. 29.—An anxious but determined lot of yachtsmen gathered at the New York Yacht club to-night for another talk over yesterday's exciting race, in which Columbia won by only 1 minute and 22 seconds, and her chances in the next contest with the Shamrock II. on Tuesday, and above all, that dreaded question of the prospects of the famous cup at last returning from whence it came after being in American hands a brief term over half a century.

The anxious members seemed to be in the majority, although the grim air of determination not to give up the cup was quite prevalent. Every member frankly admitted that he had experienced something like a scare.

In the race on Tuesday if the wind holds true two of the legs of the triangle will be sailed under these conditions: One of these legs, probably the first, will be a beat of 10 miles to the windward, the next will be a broad reach under large jib topsails or balloon jibs, while the third leg will be a close fetch to the finish line. On these two reaches all the racers have shown great speed and the Columbia has frequently made one of the 10-mile sides of the triangular races in something under the course of another. It is said the Shamrock II. has shown a good 14-knot clip in a reach, which is a trifle better than the Columbia has done, but such timing cannot be considered absolutely reliable. At any rate, with a good breeze, the race on Tuesday should be a fast one. That there will be an attempt by one or the other skipper to luff out to windward on the two reaching legs on Tuesday's race seems almost certain, provided, of course, the yachts are any ways close at the first mark or end of the beat to windward. Capt. Barr has been singularly successful all the season in his luffing matches, with the exception of that with the Constitution in the run from New Haven to New London during the club cruise last month.

It was in the closest and most soul-stirring race ever sailed for the old America's cup that the Columbia on Saturday beat the British challenger over a windward and leeward course of 30 miles by the narrow heart-breaking margin of 79 seconds. As Lipton's latest aspirant for its honors must allow the defender 43 seconds on account of the extra 83½ square feet of canvas in her sail area the official record, under the rules, gives her the victory by 1 minute and 22 seconds.

Story of the Race.

From the time the two sky-scraping racers crossed the starting line until they passed the finish line four and a half hours later the result was in doubt, and the excitement aboard the excursion fleet increased until men became frenzied and women almost hysterical. So evenly matched were these two scientific racing machines that never after they started were the rival skippers out of each other's sight and more than three-quarters of the time they were so close that Charles Barr, who had the tiller aboard the American, could have tossed a biscuit to Capt. Sycamore on the Shamrock. For miles as they beat their way to the outer mark the black shadow of the Shamrock's huge club topsail was painted on the big mainsail of the Columbia, and for an hour on the home run, with the yachts flying like a speed duel before the wind, they ran almost beam to beam as if they had been harnessed together.

The quality of a sailing ship is measured by her ability to carve her way into a head wind, and in the 15-mile thresh to windward the golden challenger gained pounds, while on the run home her rival was eaten up and the Columbia crossed the finish line exactly 37 seconds ahead of the Shamrock. It must be remembered, however, that the challenger had the weather gauge in the beat to windward, no mean advantage, and the nautical experts said after the race that during the outward journey she had been sailed to absolute perfection, while before the wind the American yacht not only showed a fleeter pair of heels, but in the opinion of the sharps, was better handled.

Shamrock Led to the Turn.

Again yesterday the course, east by south, carried the yachts along the Long Island shore straight out to sea. The start was thrilling. The yachts bounded away across the line like a couple of runaway horses, the challenger half a length ahead and to windward, in the maneuvering before the start Capt. Sycamore had given the wily Yankee skipper a genuine surprise, returning a Roland for the Oliver he received on Thursday. Just when Barr thought his rival was under the Englishman deadened his headway and then lurked under the Columbia's lee into the weather berth. This victory of the Shamrock at the very inception of the race the Columbia could not overcome in the long beat to windward.

Neck and neck, tack and tack they sailed like a team of horses. Dismay began to be written on the faces of the patriots as Barr tried once, twice and finally a third time to cross the bow of the Britisher, only to be forced around each time by the lean golden muzzle of the challenger. Visions of the dear old cup vanishing, meant the yachting supremacy of the world passing along the waters of Europe before their eyes.

Columbia Takes the Lead.

As the yachts got farther out the swells lengthened and the white flyer seemed to labor more heavily in the long waves. Many of the spectators were forced to the seclusion of their cabins and many others kept suspiciously near the rails. The excursion vessels formed a crescent about the stake boat as the yachts rounded the outer mark, but it was a doleful sight. When the racers had spread their mammoth wing and wing spinnaker matching main sail and balloon jibs drawing straight before the white flyer Columbia began to eat up the green water between her and the challenger, drooping spirits began to rise and when the yachts got in terms about half-way home the bands struck up a play and the people raised a cheer as they approached the finish line. Columbia leading by half a dozen lengths, all the pent-up enthusiasm burst forth, and about a quarter of a mile before they reached the line the golden boat blanketed the white and for a moment she shot up alongside and it looked as if she would be first home. Cheers died in hysterical throats. Suddenly, as the Columbia lurched off and got her wind clear, her head and came tearing down ahead. After she crossed the line the enthusiasm broke out again with redoubled energy.

Gresham Collides With Erin.

Two collisions which occurred during the race Saturday caused considerable excitement on board the vessels concerned for a time, but no serious injury to the vessels or passengers resulted. The revenue cutter Gresham in attempting to cross the wake of the Erin, Sir Thomas Lipton's steam yacht, struck that vessel a glancing blow on the port quarter, carrying away a plate or two and buckling a rail. Two persons on board were knocked down but sustained no serious injury. The Maine Steamship Company's Northern Light, carrying 300 excursionists, collided with the John Jacob Astor's yacht, the Nourmahal, slowing in four of her plates and carrying away about a dozen feet of her railing. No one was injured.

GETTING READY FOR WINTER AT THE ZOO

THE WEATHER MAN HAS GIVEN NOTICE TO MOVE ANIMALS.

Some Are Transferred to Warmer Quarters, Others Have Their Quarters Warmed—Simians Subject to Rheumatism and Colds Like Their Keepers—Food Is Warmed Before Being Fed to Them.

The dismal skies and sloppy pavements yesterday cut down the attendance at the parks and also gave the officials of the zoo timely warning that their furred and feathered wards must be provided for before the coming of winter. Cold, wet weather is the dread of every park attendant, especially at Highland, where the 600 animals have be looked after with care.

The shifting from summer to winter quarters will soon begin. The zebras on the hill are the first to be moved. One by one they are loaded into large boxes and hauled on a sled to their cages in the zoo building.

The sea lions are transferred with even less trouble. Three men stand along the walks and drive them slowly from one enclosure to the other, taking care that they do not get too near the cages of the bears and tigers, which go into a rage when they see the clumsy beasts free.

The elks, deer and buffalo on the hill are being provided with extra bedding and the windows of their cages are closed. "The monkeys, tigers and antelopes are the most tender," said Head Keeper Ernest Tretow. "They don't seem to know how to take care of themselves, and have to be driven in when it rains. Then rheumatism is in order. We have one old monk that gets so stiff on this kind of a day that he can hardly move. Then they catch cold and have to be kept out of draughts, or they die quickly of consumption."

The zoo building is kept at a temperature of 60 degrees. The swimming pools of the hippopotamus and the alligators have to be heated to the 75 degree point to make their baths healthful. Great care is also taken with the vegetables fed to the animals. In cold weather potatoes and those vegetables which are fed raw are kept in the zoo cellar several days before feeding, to bring them to the same temperature.

The food question is a big problem at the zoo. Eight tons of hay, two of straw, two of oats, and one of bran are consumed every month, besides large quantities of potatoes, carrots, turnips and apples. The lemus are dainty in their diet and munch dates, rice, peanuts and hazelnuts. Ten kinds of seeds are fed to the birds. Three hundred pounds of meat and 100 of bread are distributed daily among the bears, deer and monkeys, while 40 pounds of fish and 8 gallons of milk go in as delicacies.

The birds are now shedding their coats of feathers and the elks will soon slough off the velvet from their horns. During this period their diet and comfort have to be watched carefully to prevent sickness and keep them from fighting.

At Schenley park the plants are being moved into the conservatory or put in boxes to avoid frost. Early in October the trees and shrubs which are being grown in the park nurseries will be set out on the grounds.

Rainy Day in Parks.

Despite the lowering skies there was a fair crowd at Calhoun yesterday to hear the Carnegie Library band and a number of entertainers. This will probably be the last Sunday concert of the season. At Oakwood the big dancing pavilion was well filled to hear the Pittsburgh Philharmonic orchestra and Miss Lillian Semmelrock. The last concert at Kennywood was given by Duss and his peerless band.

ASSAILED BY STRIKERS.

Special Policemen at San Francisco Roughly Used by a Mob—One Fatally Hurt.

SAN FRANCISCO, CAL., Sept. 29.—A fight between strikers and policemen occurred shortly after 6 o'clock this morning in Kearney street. Seven men are known to have been wounded, one probably fatally, and it is thought that several others who escaped arrest were injured. Several of the injured were innocent passersby.

Four special policemen and a recently discharged naval man were made targets for an assault by a mob of strikers and sympathizers.

The following are known to have been wounded: William Miller striking teamster, shot in the left breast, will probably die; H. F. Beehler, special officer, shot in the leg; G. Wisel, druggist, shot in the knee; Eddie Fuller, messenger, shot in leg; J. Doyne, lacerated scalp wound, inflicted with the butt end of a revolver; —— McDonald, shot in the hand; Peter Johnson, a boxmaker, shot in leg.

The party of special policemen was on the way home from a variety theater. They noticed a large crowd following, but they asked Policeman John Tillman to accompany them. Just as the party reached Kearney street a shot was fired. It was followed in quick succession by several others. A regular fusillade ensued. The mob scattered in all directions, but not before the police had succeeded in arresting about 30 of them. Four were identified as striking teamsters. They were heavily armed. While Officer Tillman was attempting to protect the specials when the first shots were fired, one of the mob fired at him at short range. The bullet just grazed Tillman's ear.

Application was made to a number of hackmen to carry him away, but they refused to do so because he was not a union man.

ANOTHER SYMPHONY NIGHT.

Damrosch Has Arranged Splendid Programs for Closing Concerts To-Day and To-Morrow.

Only two days more will Walter Damrosch be at the Exposition, as his engagement positively closes to-morrow night.

To-night will be the second symphony night and the symphony selected will be Tschaikowsky's famous "Pathetique," than which nothing grander has ever been penned. The program for this afternoon follows:

Black Hair

For 50 years Ayer's Hair Vigor has been restoring color to gray hair. It never fails to do this work, either. Besides this, it keeps the scalp clean and healthy, stops falling of the hair, and makes the hair grow thick and long. It's a regular hair-food.

"Ayer's Hair Vigor keeps my scalp clean and healthy. It stopped the falling of my hair, also, and made it grow nicely. I receive many compliments for my beautiful head of hair."

BOY'S DEATH DUE TO CIGARETTES

Archibald F. Beck Was Paralyzed by Nicotine Poisoning.

ACQUIRED HABIT WHEN 6 YEARS OF AGE

His Screams Were Terrible When Denied the Accustomed Narcotic. Finally Could Not Lace His Shoes or Roll the Injurious Weed.

Constant and excessive cigarette smoking caused the death of Archibald F. Beck, aged 16, of 527 Alpine avenue, Allegheny. He died in the Presbyterian hospital Saturday morning, where he had been five weeks. He had been confined to his bed at the home of his mother since April, a complete wreck, unable to help himself in any way.

Beck's career as a cigarette smoker began when he was 8 years old. A box a day is what he consumed, never less. A short time ago he had to quit his employment as office boy for the American Steel Hoop Company. For some time before he gave up work it was necessary for his mother to lace his shoes before he left the house. This was the beginning of the end.

Before his collapse he weighed 120 pounds and every muscle of his body was well developed. He boasted of a chest expansion of six inches, larger than that of any of his companions. He was about the average height and well built.

Last April the muscles of his arms began to tighten and his hands were drawn up across his breast. Finally he lost the power to work his fingers, and his mother had to prepare his cigarettes. It was only under compulsion that she would do it, but the screams of the boy were frightful unless he was given the accustomed narcotic.

Physicians treated him for various diseases of the joints and muscles, but could give no relief. Dr. Elizabeth Hampson was called in July 25, and discovered that his nervous and muscular systems were saturated with nicotine. The muscles of the throat were swollen until it was impossible to tell where the neck began and where it ended. The neck was swollen out until it was even all around the head.

Saturday morning he appeared no worse than usual. Three minutes later he was dead. A postmortem examination showed all the joints to be healthy. The muscles were contracted from the effects of poison. His death was due to paralysis of the respiratory muscles.

OVERRUN BY SNAKES.

Centre County Farmer Sues Railroad for Driving Reptiles Onto His Property.

BELLEFONTE, PA., Sept. 28.—(Special.)—A queer suit for damages comes from the neighborhood of Karthaus. The claimant is a farmer who lives near the line of the new West Branch railroad, now being built from Clearfield to Williamsport. William Hughes is the contractor at this point on the road, and the farmer makes a claim for $300 damages for the annoyance and fear from the snakes that, he alleges, have been driven from the railroad to his farm and buildings.

The farmer sent for Contractor Hughes and when the latter arrived he found the farmer and all his family killing snakes; the man declared they had done little else for three weeks. In proof of his assertion he escorted Hughes behind the barn where on a fence were strung 123 copperheads, 45 rattlers and 22 snakes of a less dangerous variety. Contractor Hughes offered to pay $25, but this sum was refused and the farmer went before a Girard township justice of the peace and entered suit.

BROWN WILL DECIDE ON STATION OPENING

WAITING ROOM WILL BE READY FOR USE TO-NIGHT.

F. D. Cassanave of the Pennsylvania Succeeds J. N. Barr as Mechanical Superintendent of the Baltimore & Ohio and Many Other Changes Result—The Pennsylvania Places Orders for 2,500 Steel Cars.

Chief Engineer W. H. Brown of the Pennsylvania railroad will be in the city to-day and will decide upon the opening of the big new waiting room to-day. "There seems to be no reason against it being opened Monday night," said L. Searing, superintendent of construction, yesterday. "The Broad street station in Philadelphia was not as far advanced as this one when it was first used."

The new waiting room will be full of color. The ceiling is especially ornate, grotesque carvings in the arches being tinted in gold, red and various shades. The lemon color terra cotta forming the main part of the waiting room walls corresponds with the base color of the ceiling. The benches are of stained oak and without upholstering, but thoroughly comfortable. The ticket windows are arranged with a bow and the bars are of bronze.

The position of mechanical superintendent of the Baltimore & Ohio railroad has been filled by the appointment of F. D. Cassanave, now general superintendent of motive power of the Pennsylvania railroad. He succeeds J. N. Barr, who went to the Erie. W. W. Atterbury succeeds Mr. Cassanave. He is a Yale man, and has been with the Pennsylvania since 1888, starting as an apprentice in the Altoona shops.

The successor of Mr. Atterbury is R. N. Durborow, superintendent of motive power of the Buffalo & Allegheny Valley division with headquarters at Buffalo. H. M. Carson, now master mechanic of the Pennsylvania railroad with headquarters in this city, succeeds Mr. Durborow. It is not known yet who will be the new master mechanic here. The appointments are effective Tuesday.

On the Pittsburgh division of the Baltimore & Ohio the resignation of Supt. Glover to become general manager of the Newark car works will result, it is said, in the appointment of J. F. Irwin, now trainmaster of the Connellsville division. Mr. Irwin's successor will likely be F. L. Brendel, now trainmaster at Meyersdale. He formerly held the Connellsville position.

The Pennsylvania Railroad Company has placed an order for 2,500 cars with the Pressed Steel Car Company.

The Pittsburgh & Western has prepared plans for double-tracking its entire line through Youngstown.

Contributions are being made rapidly for the cup Pittsburgh railroad men will present to the pennant winners. The greater the contributions the finer the cup.

McKinley Monument Fund.

The Chamber of Commerce of Pittsburgh has yielded to an almost universal request to accept trusteeship for a fund to erect a fitting monument to the memory of the patriot and statesman, WILLIAM McKINLEY, late president, whose distinguished services to the nation have done so much in placing this country foremost among all others.

It is the purpose of the chamber to make the subscription a popular one. The dollar of the humblest citizen will be accepted and appreciated, as well as the contributions of those whose means will enable them to contribute thousands to the McKINLEY MONUMENT FUND.

Checks and money should be sent direct to the Chamber of Commerce, 419-421 Wood street, receipts for which will be acknowledged, and lists of contributions furnished daily to newspapers.

Prompt and liberal remittances will result in the erection of a monument that will express profound regard and be an honor to the people of this community.

ON BOARD THE GRESHAM.

Sir Thomas Lipton Assures Revenue Cutter's Captain That Erin Was Not Badly Damaged.

NEW YORK, Sept. 29.—The owners, captains and crews of the yachts Columbia and Shamrock II. had a quiet day of it at Sandy Hook to-day. Capt. Charlie Barr of the Columbia visited some friends on shore, but Capt. Sycamore remained on board the Puerto Rico all day.

Soon after noon the revenue cutter Gresham anchored in the bay just ahead of the steam yacht Erin. As soon as she arrived Sir Thomas Lipton made up a party and boarded the cutter in his steam launch. His purpose was not to find fault with Capt. Walker of the Gresham for runing down the Erin during Saturday's race, but rather to assure him that the damage was trifling, and at the same time repay a social call which the Captain and Mrs. Walker had paid him recently.

After leaving the Gresham Sir Thomas and his party, at the invitation of Mr. Butler Ames of Lowell, the owner of the schooner yacht America, the famous cup winner of 50 years ago, went on board that schooner which was lying at anchor close by and took a sail down the bay.

On board the Erin, later, Sir Thomas when asked if he wished to say anything concerning the alleged story that his captains had sold him out last year, Sir Thomas said: "That is an old story which I denied some time ago. I really don't care to say anything more about it just now."

Of Saturday's race he declared he had nothing to say except to repeat that with a good strong breeze the Shamrock would do better than she did on Saturday.
